1 EXECUTIVE SUMMARY

Introduction

The following is a brief summary only and is qualified in its entirety by the more detailed information appearing in the body of this Prospectus. Information in this executive summary is not intended to be exhaustive and should always be read in conjunction with the full text of this Prospectus. The information provided in this summary has been updated until and reflects the situation as per the date mentioned on the cover page of this Prospectus.

The Fund, Fund Manager and Legal Owner

The Fund will invest in a diversified portfolio of Investment Funds and listed Investee Companies worldwide (both developed countries and emerging markets) focused on Sustainable alternatives.

Privium Fund Management B.V. will act as the manager (beheerder) of the Fund and Stichting Juridisch Eigendom Privium Sustainable Alternatives Fund will act as Legal Owner of the assets and liabilities of the Fund. In managing the assets and liabilities of the Fund, the Fund Manager will act solely in the best interests of the Participants. The Legal Owner will be the legal owner of all assets of the Fund and liabilities of the Fund. The Legal Owner will acquire and hold the assets of the Fund and assume the obligations on behalf and for the account of the Participants. The Legal Owner will act solely in the best interests of the Participants.

Investment Objective and Strategy

The Fund’s objective is to achieve long term capital growth. To achieve this, the strategy of the Fund is to invest in a diversified portfolio of Investment Funds and listed Investee Companies worldwide (both developed countries and emerging markets) focused on Sustainable alternatives.

Legal, Tax and Regulatory Aspects

Legal Structure

The Fund is not a legal entity (rechtspersoon) but a contractual arrangement sui generis between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. The Fund has an open-ended structure. The Fund is governed by the Terms and Conditions. By executing the Subscription Form, a Participant represents and warrants to have reviewed the Terms and Conditions and agrees to be bound thereby. A Participant is admitted to the Fund by the issuance of Participations to the Participant.

The Participations are redeemable on certain conditions as set forth in this Prospectus and the Terms and Conditions. Participations may be transferred, assigned or made subject to any encumbrance subject to certain conditions as set forth in the Terms and Conditions.

Tax Aspects
The Fund should be eligible for the status of a fiscal investment institution (fiscale beleggingsinstelling). This implies that profits realized are taxed at a zero percent corporate income tax rate, whereas the (mandatory) distribution of such profits to the Participants leads to an obligation for the Fund to withhold 15% dividend tax (subject to a specific payment credit mechanism for underlying withholding taxes, as further described in Section 12 of this Prospectus).

Regulatory Position

Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

Further information with respect to the regulatory position of the Fund is set forth in Section 5.2 of this Prospectus.

Fund Governance

The Participants will hold meetings when called by the Fund Manager. The Fund Manager shall call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of Participants and (ii) in case of one (1) or more Participants holding, in aggregate, at least 25% of the outstanding Participations request the Fund Manager to call such meeting.

Distribution Policy

Any distribution to Participants shall be published on the Fund Manager’s website. Distributions of Net Proceeds will be made in cash, in EUR.

Minimum Investment, Subscriptions and Redemptions

The minimum subscription amount is EUR 100 per Participant. This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

Section 7 of this Prospectus contains the subscription procedures. The Fund Manager reserves the right to reject an application in whole or in part.

A Participant may transfer all of its Participations provided certain conditions have been met (including consent of the Fund Manager) and will be able to redeem its Participations upon its request. The Fund Manager may suspend a redemption under certain conditions. Section 8 of this Prospectus contains the transfer and redemption procedures.

3 THE INVESTMENT OPPORTUNITY

3.1 Fund Objective, Strategy, Performance and Risk Objectives

3.1.1 Fund Objective

The Fund’s objective is to achieve long term capital growth by investing in Investee Companies and Investment Funds focused on Sustainable alternatives.

3.1.2 Fund Strategy

To achieve the Fund Objective, the Fund will primarily invest in a diversified portfolio of Investment Funds and listed Investee Companies established worldwide (both developed countries and emerging markets) focused on Sustainable alternatives and instruments derived from them. The portfolio will be managed actively with a long term investment horizon and following a sustainability approach. Only those Investee Companies that score above the sector average in the relative analysis and are not substantially involved in controversies or controversial products are eligible for investment, based on policies and procedures as determined by the Fund Manager.

The portfolio will be managed subject to the benchmark, performance and risk objectives and the Investment Restrictions set out below. The Fund Manager may only deviate from these provisions and change the Investment Strategy by amending this Prospectus and the Terms and Conditions in the way set forth in Section 5.1.6 of this Prospectus.

If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Participants. Hedging foreign exchange risks is not expected at the time of writing this Prospectus.

The Fund may enter into any investment, divestment or other business transaction with any other funds managed by the Fund Manager or Affiliates of the Fund Manager or advised by the Investment Advisor or with related party funds, on the terms and conditions as applicable under the relevant funds’ documentation. It is expected that this will be the case at the launch of the Fund. Valuations in relation to any such transaction may be performed by one or more parties involved in such transaction. Notwithstanding the foregoing, investments of a fund managed by the Fund Manager or Affiliates of the Fund Manager shall not be transferred to another fund managed by the Fund Manager or Affiliates of the Fund Manager.

3.1.3 Fund Performance and Risk Objectives

The performance objective of the Fund is to seek to outperform the following composite benchmark by 0.75% per annum, over rolling three-year periods:

a) 50% GPR 250 World Property (total return, EUR) Index (BB ticker: G250GLEU Index); and
b) 50% Euro cash 3 months (BB ticker: ECC0TR03 Index) + 2% per annum.

Measurement of performance will commence immediately after the Net Asset Value is calculated.
Under normal circumstances, the ex-ante tracking error is expected to be a maximum of 10% per annum (as measured by any appropriate system selected by the Investment Advisor and validated by the Fund Manager). In the event the tracking error exceeds the above range and the Investment Advisor wishes to retain or increase the tracking error, the Investment Advisor shall set out in writing to the Fund Manager the reasons for doing so.

The performance and risk objectives described in this Section 3.1.3 will be treated as targets only and should not be considered as an assurance or guarantee of the performance or risk of the Fund or any part of it, or impose any additional liability on the Investment Advisor or the Fund Manager. The Investment Advisor and the Fund Manager will however exercise reasonable professional care and skill with a view to achieving these objectives.

3.2 Fund Investment Restrictions

The below restrictions will apply to the Fund Assets. Deviation from the below restrictions is temporarily allowed during a portfolio rebalancing.

3.2.1 Investment Thresholds

a) The Fund targets a minimum of five (5) and a maximum of seventy-five (75) investments.
b) The Fund will not invest more than 15% of the assets of the Fund in any one Investee Company.
c) The Fund will not invest more than 30% of the assets of the Fund in any one Investment Fund.
d) The Fund targets to invest between 30% and 70% of the assets of the Fund in companies that invest in real estate and whose shares are traded on a public exchange.
e) The Fund targets to invest between 30% and 70% of the assets of the Fund in microfinance, Sustainable private equity and Renewable Energy projects.
f) The Fund will not invest in Investment Funds (i) which do not offer redemptions on at least a quarterly basis; (ii) which have a redemption notice period of more than two (2) months, for Investment Funds with a quarterly redemption frequency; and (iii) which have a redemption notice period of more than three (3) months, for Investment Funds with a monthly redemption frequency.
g) The Fund mainly targets sufficiently liquid investments in order to meet redemption requests of the Participants.
h) The Fund will not invest more than 5% of the assets of the Fund in (i) Investee Companies and/or (ii) financial instruments issued by Investee Companies, which produce, sell or distribute cluster munitions, or crucial parts thereof, as mentioned in article 2 of the Convention on Cluster Munitions (Dublin, May 30th, 2008).
i) Reasonable best efforts will be made to only make investments in accordance with the United Nation’s - backed Principles for Responsible Investment (UNPRI) Initiative as amended from time to time and in accordance with social responsible investing guidelines and principles entailing that the Fund should in any event not invest in; manufacturing or sale of cluster weapons, anti-personnel landmines, biological, chemical weapons, depleted uranium and nuclear weapons; animal testing for cosmetic purposes; severe environmental abuse; fur farming, manufacturing and trading of; gambling, genetic engineering; human rights abuses; nuclear energy; activities related to prostitution; tobacco and tobacco product manufacturing.
3.2.2 Borrowings

The Fund Assets may be pledged to the Custodian to borrow against the Fund Assets, only for bridge financing purposes and limited to 10% of the assets managed. The Fund Manager is not allowed to lend any of the Fund Assets to a third party. The Fund may not employ leverage for other purposes than bridge financing.
4 RISK FACTORS

4.1 Introduction

An investment in the Fund carries a high degree of risk. There can be no assurance that the Fund will achieve its Fund Objective or that Investee Funds’ investment policy and the Investee Companies’ activities will be successful. The value of the Fund’s investments and the Participations may fall as well as rise and returns on past investments are no guarantee as to the returns on future investments. Accordingly, Participants may lose all or part of their investment in the Fund. An investment in the Fund requires the financial ability and willingness to accept for an indefinite period of time the risk and lack of liquidity inherent in the Fund. Due to the Investment Strategy, the Net Asset Value of Fund Assets can strongly fluctuate. Potential participants should consider, among others, the non-exhaustive list of risks mentioned below, review this Prospectus and its ancillary documents carefully and in their entirety, consult with their professional advisors and conduct and subsequently rely upon their own investigation of risk factors associated with the proposed investment. Participants should realize that the existence and occurrence of certain risks may contribute to the existence and occurrence of other risks.

4.2 Risks Relating to the Fund

Performance

The Fund’s results will largely depend upon the performance of Investee Funds and Investee Companies.

Lack of Liquidity

Some of the Fund Assets may be in assets which are illiquid or may become illiquid under certain market conditions. Accordingly, it may not always be possible to purchase or sell those assets for their expected value or, if applicable, the prices quoted on the various exchanges. The Fund’s ability to respond to market movements may be impaired and the Fund may experience severe adverse price movements upon liquidation of its Fund Assets.

Restrictions on Transfers and Potential Illiquidity of Participations

Participations may not be registered under any securities laws and, therefore, cannot be resold unless they are subsequently registered under such laws or regulations there under. Participations are also subject to restrictions on their transferability under the Terms and Conditions. There is no public market for the Participations and none is expected to develop. Under certain circumstances as set out in Section 8 of this Prospectus, the Fund Manager may suspend the redemption of Participations.

Concentration of Investments

The Fund may hold relatively few, large investments in relation to the size of the Fund. The Fund could be subject to significant losses if it holds a large position in a particular investment that declines in value or is otherwise adversely affected. Lack of liquidity may aggravate such losses significantly. In addition, the Fund may own a significant percentage of all of the shares or other securities issued by an Investee Company or an Investee Fund. It may not always be possible to dispose of such securities...
without incurring significant losses. Potential profits may not always be immediately realisable and may therefore be lost prior to realisation.

Non-diversified Status of Fund Assets

The Fund may not be able to achieve adequate diversification in respect of geography, instrument and investment type, sector, capitalisation, liquidity, volatility and/or currency. Consequently the Fund Assets may be subject to and experience greater risk and market fluctuation than a fund that has investments representing a broader range of investment alternatives.

Economic Environment

In the current economic environment, there are increased risks of financial institutions on which the Fund is dependent for its operation or investment returns to fail, be bankrupted or subject to government seizure or nationalization.

(Foreign) Currency Risk

The Net Asset Value of the Participations may be affected by exchange rate fluctuations. As certain of the Fund Assets may be denominated in currencies other than EUR while the Fund's accounts will be denominated in EUR, returns on certain Fund Assets may be significantly influenced by currency risk. Although the Fund Manager may hedge against a decline in the value of the Fund's non-EU denominated Fund Assets, it is not expected that the Fund Manager will do so in the foreseeable future. Should the Fund Manager decide to hedge the risk of currency devaluations or fluctuations, the Fund Manager will not always succeed in realizing hedges under acceptable conditions and consequently the Fund may be subject to the risk of changes in relation to the EUR of the value of the currencies in which any of its assets are denominated.

Counterparty Risk

The Fund will be subject to the risk of the inability or refusal of payment or clearing institutions, principals or other service providers or other counterparties to its transactions, to perform or to perform in time under such services or transactions. Any such failure, refusal or delay, whether due to insolvency, bankruptcy or other causes, could subject the Fund to substantial losses. It is expected that the Fund Manager will seek to mitigate these risks by reviewing the creditworthiness and reliability of all service providers and counterparties and only entering into transactions with those parties that the Fund believes to be creditworthy and reliable.

Inflation

Due to inflation, the relative value of Participations may decline. The Fund will not specifically hedge inflation risk or take other measures to mitigate this specific risk.

Market Risks

Markets may rise and fall and the prices of financial instruments and other assets on the financial markets in general, and more specifically the prices of assets of the nature and type the Fund may
invest in and hold, can rise and fall. A careful selection and spread of investments does not provide any guarantee of positive results.

**Lack of Operating History**

The Fund is a new established entity and there is no operating history to evaluate the future performance of the Fund.

**Changing Legislation**

The regulatory and tax environment for investment funds in general as well as certain financial instruments and other types of investments are evolving and changes therein may adversely affect both the Fund's ability to pursue its investment strategies and the value of its Fund Assets. The effect of any future regulatory or tax change on the Fund is impossible to predict. The fiscal status of the Fund may change during the term of the Fund. The Participants are urged to seek fiscal advice before participating in the Fund.

**Unclear Legislation**

Unclear rules and regulations and conflicting advice may result in a breach of rules and regulations applicable to the Fund. Resulting fines and other sanctions and possible damage to the reputation of the Fund, the Fund Manager and other connected persons may result in a negative impact on the Net Asset Value of the Fund and the Participations.

**Limited Rights of Participants**

The Fund Manager has exclusive authority for managing all operations of the Fund. Participants cannot exercise any management or control functions with respect to the Fund's operations, although they have limited voting rights in certain organisational respects as set forth in the Terms and Conditions.

**Indemnification**

Under the Terms and Conditions, the Fund Manager and the Legal Owner are entitled to be indemnified out of Fund assets against costs, losses and expenses which they may incur or become liable in connection with the execution of their duties. In addition, the Investment Advisor, the Administrator and other service providers also are entitled to indemnity under the terms of their respective agreements for services. These obligations could require substantial indemnification payments out of the Fund Assets, provided however that no person shall be so indemnified with respect to any matter resulting from its attributable breach (*toerekenbare tekortkoming in de nakoming*).

**Redemption Risk and Restrictions**

The Fund is an open-ended fund and Participations may be redeemed at the request of a Participant in accordance with the restrictions of Section 8 of this Prospectus and the applicable terms of the Terms and Conditions. Accordingly, there can be no guarantee that the actual Redemption Price reflects the Net Asset Value per Participation as at the date of submitting the Redemption Notice. The Fund Manager may further suspend the redemption of Participations if: (i) a state of affairs exists
which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants; (ii) the Participant did not act in compliance with applicable legislation or the Terms and Conditions; (iii) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or (iv) relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended. Redemptions may cause the Fund to dispose of assets in order to meet its redemption obligations earlier than anticipated or under less favourable market conditions than the Fund would otherwise have disposed of such assets. This may result in a lower Net Asset Value of the Fund generating lower or negative returns for the non-redeeming Participants. Significant redemptions may lead to significant losses to Participants, which remain invested in the Fund.

Redemption of Positions

Given the Sustainable focus of the Fund, there is a higher chance that it would be required to redeem a position, since there is an additional factor for such redemption (i.e. an Investee Fund or an Investee Company is no longer deemed Sustainable enough). As part of the portfolio shall also be invested in positions that are not high liquid listed large cap stocks, such redemptions might have to be made at less favourable prices.

General Political Factors

Investment results may be adversely affected by developments in countries in which the Fund Assets or counterparties are located. This may result in a partial or complete loss by the Fund as a result of the breakdown of the country’s financial system. Such developments include, without limitation: war; civil unrest, ranging from protests to civil war; changes in the political situation and/or government of a country; acts of terrorism; expropriation and creeping expropriation; and inability to transfer moneys cross-border or convert moneys to hard currency.

4.3 General Risks Associated with Investments in Sustainable Alternatives Investee Funds and Investee Companies

The risks similar to those cited with respect to the Fund might also apply to Investee Funds and Investee Companies focused on Sustainable alternatives in addition to the specific risks which might be applicable to such Investee Funds and Investee Companies, such as:

Organic and Sustainable Consumer Market Developments

The performance of portfolio companies of Investee Funds will also depend on the development of the organic food and sustainable consumer market in general and relevant sub-sectors in particular. If this market or relevant sub-sectors experience a downturn, this will likely have a negative impact on the performance of the relevant portfolio company and therefore on the returns of the relevant Investee Fund. Such market conditions may result in certain circumstances in which investors could face minimal or no returns, or may even suffer a loss on their investments.

Capital Market Developments
The profitability of Investee Companies and of portfolio companies of Investee Funds partly depends on the developments in the capital markets. Developments in both debt and equity markets may impact on the ability of such Investee Companies or portfolio companies to obtain debt financing or raise capital through share offerings. This may in turn impact the returns available for the relevant Investee Company or Investee Fund.

**Non-listed Securities**

An Investee Fund may invest a large portion of its assets in securities that may not be listed or traded on a stock exchange or regulated market. The issue of such securities may not be monitored by an authority. There may also not be a secondary market monitored by the authorities for such instruments, and the liquidity of these instruments may accordingly be low. As these debt instruments may be issued by issuers who are new to the market or were only recently established, the selection of investments may not be based on detailed historical analyses of the issuer’s activities. Consequently the risks and default risks for such investments may be much greater than for conventional securities. The Investee Funds portfolio may therefore be exposed to risks that usually apply to investments in new developments. The Investee Funds’ investments may be much more speculative and entail a greater risk than would normally be the case when investing in securities. The microfinance institutions ("MFIs") sometimes do not have a regulated status as a bank or credit institution and are thus not monitored by an authority in the respective country. Therefore, if an MFI were to become insolvent, the relevant Investee Fund does not have the same guarantee that would apply to banks or other credit institutions; moreover, the lack of monitoring means that the bankruptcy risk of the MFIs is also higher. There may also not be any corresponding authorities or monitoring and security mechanisms for companies and organizations that operate in the field of fair trade ("FT field").

**Follow-on Investments**

An Investee Fund may have the opportunity or be requested to increase its investment in a particular portfolio company. In case an Investee Fund undertakes such follow-on investments, it may significantly increase its exposure to a particular portfolio company. In case it does not undertake such follow-on investments, this may have a negative impact on the returns of a particular portfolio company, or may lead to a dilution of the value of the relevant Investee Fund’s investment.

**Country Risk**

An Investee Fund may invest in countries whose stage of development cannot be compared with that of industrialized countries. In relation to each other and in terms of growth of GDP or GNP, inflation (which may be much higher in threshold, transition and developing countries than in other countries), capital investment, self-sufficiency and balance of payments, the economies of the individual countries may be doing well or less well. Issuers of securities are usually subject, to differing degrees, to regulations regarding insider trading, market manipulation, issuing of voting proxy and the timely publication of information. Furthermore, the binding standards on reporting, balance sheet preparation and auditing of financial statements in the individual countries may vary considerably in various key points; investors in some countries may have access to less information than is the case in other countries. Nationalization, expropriation or taxation that is equivalent to expropriation, exchange rate controls, political changes, government provisions, political or social unrest or
unfavourable diplomatic developments may impact negatively on the economy of a country or the portfolio’s investment in this country. Expropriations, nationalization or other confiscation could affect MFIs and companies and organizations operating in the FT field, and the relevant Investee Fund could lose its entire investment in the country concerned. Furthermore, the laws of the countries involved that govern company, bankruptcy and insolvency law could offer security holders less protection.

The monies available to the Investee Funds may serve to finance small companies and FT organizations in threshold, transition and developing countries and are used by MFIs whose financial situation is by no means comparable with that of financial institutions in industrialized countries. Even if an urban audience is largely targeted and if repayments are less dependent on rural economic problems, the typical problems in the agricultural sector of the countries concerned, including natural disasters and price slumps for local agricultural products, have a substantial effect on the repayment possibilities of the urban population. The risk of loss can, in unfavourable periods, be much higher than in developed countries.

In these countries, foreign investments are often subject to restrictions and controls of varying degrees. The restrictions and controls affecting the Fund may sometimes rule out investments and increase the costs of investments. Many countries demand government approval before a foreigner can invest in a certain company, or may limit the investments of foreigners to a certain percentage of the securities in circulation of a given issuer; or they may restrict the investment options for foreigners to a single class of securities of a company, to which less favourable conditions (including the price) are attached than to securities of the company available to nationals of that country. In addition, the repayment of investment income, capital or revenues from the sale of securities is governed by law in many countries, including in some cases a requirement of prior announcement to state authorities or official approval. If a country’s balance of payments deteriorates it is also possible that the country will issue a temporary restriction on the export of capital.

**FT Sector**

The FT sector is sometimes subject to factors such as weather, climate, pests, natural disasters, etc. with the corresponding consequences for investments in this field.

**Private Equity Investments**

To a limited extent, the Investee Funds may invest in private equity capital. Investments with private equity characteristics typically involve uncertainties that cannot be compared to those arising in the case of other types of investments. In many cases, private equity investments involve companies that have been in existence for only a short time and which intend to establish themselves in an existing market or occupy new business areas. The business concepts behind these companies are usually based on new, innovative products or processes. Consequently, the process of forecasting the performance of such companies, their business concepts and potential sales is often fraught with uncertainty.

**Official Authorization**
The delay or denial of official authorization that may be required for the repatriation of capital, or other restrictions applicable to the relevant Investee Fund’s investments, can adversely affect the value of the relevant Investee Company or Investee Fund portfolio. The liquidity of investments in countries where such factors affect the portfolio may suffer as a result. The limited liquidity of certain markets must be taken into account when evaluating investments; this may impair the Fund’s or the relevant Investee Fund’s ability to sell securities in order to meet redemption requests at the desired price and time. Transaction costs, including broker’s fees, may also be higher than in industrialized countries.

*Infant Stage Companies*

Investments in companies that are still in the infant stages of development entail greater risks than is the case with securities of established companies. The securities of these companies are difficult to sell and are more susceptible to sudden, unstable market fluctuations than the securities of more mature companies or broadly diversified market indices. Accordingly, it is more difficult to determine the market value of this paper, which may have negative repercussions on the relevant Investee Fund and unit holders if large amounts have been spent or when units are redeemed.

4.4  **Risks Relating to the Fund Manager**

Due to the insolvency, negligence or fraudulent actions of the Fund Manager, its officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline.

4.5  **Risks Relating to the Legal Owner, the Depositary and the Custodian**

Due to the insolvency, negligence or fraudulent actions of the Legal Owner, the Depositary and/or the Custodian, their officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline and the Fund Assets may be lost.

4.6  **Risks Relating to Conflicts of Interests**

*Other Clients*

The Fund Manager and/or Affiliates of the Fund Manager may or will manage or advise clients other than the Fund. There can be no assurance that such services do not conflict with the interests of the Fund. Although the Fund Manager and the Legal Owner intend to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund's conflicts of interests policy, there can be no assurance that such conflicts of interest may be resolved in the best interests of the Fund should they arise.

*Transactions with the Fund Manager and its Affiliates*

The Fund Manager and its Affiliates may engage in certain related party transactions with the Fund. The Fund Manager and/or the Affiliates of the Fund Manager concerned will in such cases expect to receive a certain transaction consideration. Although the Fund Manager intends to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund's conflicts of interests policy, such arrangements could present incentives for the Fund Manager and its Affiliates adverse to the interests of the Fund.

Prospectus Privium Sustainable Alternatives Fund
Diverse Participants

Participants may have conflicting investment, tax and other interests with respect to their investments in the Fund. The conflicting interests may relate to, among other things, the nature of Fund Assets, the structuring of Fund Assets and the timing of disposition of Fund Assets. As a consequence, conflicts of interest may arise in connection with decisions made by the Fund Manager that may be more beneficial for one Participant than for another Participant, especially with respect to Participant’s individual tax situations. The Fund Manager will consider the investment, tax and other interests of the Fund and its Participants as a whole, not the investment, tax or other interests of any Participant individually.

The foregoing factors are not exhaustive and do not purport to be a complete explanation of all the risks and considerations involved in investing in the Fund. In particular, the Fund’s performance may be affected by changes in market conditions, and legal, regulatory and tax requirements. The Fund will be responsible for paying the fees, charges and expenses referred to in this document regardless of the level of profitability.

Potential Participants who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment.

Such interest of the Participants is represented by the Participations held by each of them.

The Legal Owner will grant a power of attorney to the Fund Manager under the Terms and Conditions to manage (beheren) the Fund Assets in accordance with the Terms and Conditions.

5.1.2  Establishment, Term and Termination of the Fund

5.1.4  Key Fund Documents, Governing Law and Jurisdiction

A final judgment obtained in a court of any Member State of the European Union and which is
enforceable in such Member State will be recognized and enforced by the courts of the Netherlands
without re-trial or re-examination of the merits:

a) on the basis of and subject to the limitations imposed by the Council Regulation (EC) No 44/2001
of 22 December 2000 on jurisdiction and the recognition and enforcement of judgments in civil
and commercial matters (as amended); and
b) subject to limitations imposed by Regulation (EC) No. 805/2004 of the European Parliament and

Legal Owner and the Fund Manager.

website of the Fund Manager. In addition, an explanation to the proposed amendments will be
published on the website of the Fund Manager.

Notice of amendments made will also be made on the website of the Fund Manager. In addition, an
explanation to the amendments will be published on the website of the Fund Manager.

An amendment of the Prospectus or the Terms and Conditions causing a reduction in Participants’
rights or security, imposing costs on the Participants or causing a change to the Investment Strategy
does not become effective in relation to the Participants until two (2) months following the date on
which such notification has been published on the Fund Manager’s website. Participants have the right
to redeem their Participations within this period following the date on which such notification has
been disclosed.

5.2 Regulatory Position of the Fund and Supervision

This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

5.2.2 *Regulatory changes*

The regulatory environment for investment funds is currently evolving as new legislation aimed at increasing transparency of the space of alternative investment funds is being introduced. In the light hereof, during the existence of the Fund, additional and/or amended legislation and regulations affecting the Fund, the Fund Manager, the Legal Owner, the Depositary and the Administrator may come into force.

The Legal Owner and the Fund Manager may amend the Fund Documents if the Legal Owner and the Fund Manager reasonably determine that a regulatory change has a material adverse effect on the Fund and/or the Legal Owner and/or the Fund Manager, such that (i) the material adverse effect of the applicable change is removed or mitigated, and (ii) the Fund shall bear its reasonable allocable portion of the costs in relation to the implementation of and compliance with the change (it being understood such allocation is in principle determined on the basis of the number of funds managed by the Fund Manager that fall within the scope of such change).

5.2.3 *Professional liability risks*

To cover potential professional liability risks resulting from activities the Fund Manager carries out with respect to the Fund, the Fund Manager holds a professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered.

6.8.2 Involvement of the Fund Manager and Legal Owner in Other Funds

The Fund Manager and its Affiliates may advise and manage, and in the future may continue to advise and manage, other clients and/or investment funds having substantially similar fund objectives and investment strategy as those of the Fund.

The Fund Manager and its Affiliates will allocate investment opportunities among such clients and funds on an equitable basis in their good faith discretion, based on the applicable investment guidelines of such investors and funds, portfolio diversification requirements and other appropriate factors.

6.9 Complaints Procedure

A Participant can address a complaint related to the Fund, the Fund Manager or any service provider of the Fund to the management board of the Fund Manager in writing (which includes correspondence by e-mail). The Fund Manager will confirm receipt of such complaint and indicate in which manner the complaint will be dealt with within three (3) Business Days of the receipt of such complaint.
7 ADMISSION TO THE FUND AND SUBSCRIPTIONS

7.1 Subscriptions

7.1.1 Conditions

On any Settlement Date, provided the requirements of the Terms and Conditions have been met, the Fund Manager may, at its sole discretion, issue Participations at the request of a new or existing Participant set forth in a Subscription Form. The Participations shall be issued in Amsterdam, the Netherlands. All Participants shall be treated fairly by the Fund Manager and no Participant shall obtain preferential treatment.

7.1.2 In-kind Contributions

If so requested by the subscriber in its Subscription Form, the Fund Manager may at its sole discretion agree that the Participations subscribed for by the subscriber and accepted by the Fund Manager will be paid-up in kind, as valued based on the valuation principles of the Fund.

7.1.3 Subscription Price and Subscription Costs

The Subscription Price of a Participation subscribed for, is equal to the Net Asset Value per Participation as at the Valuation Date of such Participation. The Total Subscription Price is the applicable Subscription Price multiplied by the number of issued Participations. The minimum Total Subscription Price is EUR 100 per Participant. This minimum subscription requirement may be waived by the Fund Manager in its sole discretion.

Up to and including the Closing Date, Participations are offered at a price of EUR 100 per Participation. After the Closing Date, the Participations are offered at a price based on Net Asset Value per Participation as at the Valuation Date of the Participations subscribed for.

In order to determine the total amount due by the subscriber to the Fund in consideration for the issuance of Participations (the Total Subscription Amount), the Total Subscription Price may at the sole discretion of the Fund Manager be increased by a surcharge in the event subscriptions on the applicable Subscription Notice Date exceed redemptions on such day and the associated costs to the Fund are material. The surcharge shall not exceed 0.5% of the Total Subscription Price of the Participations subscribed for. The surcharge shall be for the benefit of the Fund.

Participants shall economically be treated as having subscribed on the Valuation Date of the Participations subscribed for and accordingly shall receive any distributions declared by the Fund during the period from such Valuation Date to the Settlement Date of the Participations subscribed for.

In case a Participant has paid an amount exceeding the Total Subscription Amount, this amount will be repaid to the Participant.

7.1.4 Procedure

Applications for Participations must be made by submitting a duly signed and completed Subscription Form to the Administrator. If the Subscription Notice Date falls: (i) prior to or on the twenty-fifth (25th)
day of a month, the Valuation Date of the Participations subscribed for shall be the last day of that month; (ii) after the twenty-fifth (25th) day of a month, the Valuation Date of the Participations subscribed for shall be the last day of the following month. The Determination Date of Participations subscribed for shall be determined by the Fund Manager in its sole discretion, but shall be no later than the tenth (10th) Business Day after the Valuation Date of such Participations. The Settlement Date of Participations subscribed for shall be the third (3rd) Business Day after such Determination Date. Participations subscribed for shall be issued on such Settlement Date.

Payment of the Total Subscription Amount with respect to the Participations subscribed for must be received in Euro in the bank account of the Legal Owner as specified in the Subscription Form at the latest on the Settlement Date of the Participations subscribed for (please refer to the Subscription Form for further payment details and instructions).

The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion. When an application is rejected, the amount paid on application or the balance thereof (as the case may be) will be returned (without interest) as soon as practicable.

Completed applications are irrevocable once the relevant Subscription Form has been received by the Administrator. Upon issuance of the Participations in satisfaction of an application, the Administrator will confirm the number and value of the Participations so issued. For the avoidance of doubt, the Participations subscribed to prior to the Closing Date, shall be issued on the Closing Date.

7.2 Participant Representations and Warranties and Prevention of Money Laundering

7.2.1 Representations and Warranties

The Subscription Form requires each applicant for Participations to make certain representations and warranties to the Legal Owner and the Fund Manager.

Persons subscribing on behalf of others, such as nominees, securities giro's and feeder and custody entities, will need to represent to the Fund Manager and the Legal Owner in an addendum to the Subscription Form certain additional representations, including but not limited to compliance with know your customer (KYC) and anti-money laundering (AML) rules.

7.2.2 Prevention of Money Laundering and Financing of Terrorism

Measures aimed at the prevention of money laundering and financing of terrorism will require each applicant for Participations to evidence its identity to the Administrator (“KYC requirements”). The procedure used by the Administrator is stated in the Subscription Form and is compliant with the Dutch Act on the prevention of money laundering and financing of terrorism (Wet ter voorkoming van witwassen en financieren van terrorisme) summarized in Schedule 3 attached hereto.

The Administrator reserves the right to request such other information as is necessary to verify the identity of an applicant. Pending the provision of evidence satisfactory to the Administrator as to the identity, the evidence of title in respect of interests may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as mentioned above, the Fund Manager may, in its absolute discretion, refuse to allot the Participations applied for in which event the
subscription proceeds will be returned without interest and/or less any other costs incurred by the Fund relating to the transaction of the applicant to the account from which such proceeds were originally debited.

In the event that changes in KYC requirements occur either in policy or in legislation after an investor’s have been allotted, investors will be obliged to provide additional KYC documentation to satisfy such changed requirements within a reasonable period of time following a request for such additional documentation. Any investor who does not or cannot provide the additional KYC documentation may be forcibly redeemed from the Fund in accordance with the mandatory redemption provisions as set forth in the Terms and Conditions.

Investors should be aware that the Total Subscription Amount will be at risk once it has been invested in the Fund. An investor's failure to comply with applicable KYC requirements may result in the return of an amount lower than the Total Subscription Amount.
8 TRANSFER AND REDEMPTION OF PARTICIPATIONS

8.1 Introduction

Participations are not listed on a regulated stock exchange nor does the intention exist to apply for such listing in the foreseeable future. No developed unregulated market for Participations exists and no party has been instructed by the Fund or the Fund Manager to maintain a market for Participations. A transfer of Participations is subject to certain conditions. Though the Fund is in principle obliged to redeem Participations at the request of a Participant, the Fund will under circumstances not be able and/or not obliged to do so.

Participations therefore might be a less liquid investment as expected by a Participant and (prospective) Participants should take into account that under circumstances they cannot liquidate such numbers of their Participations at such moments as they intend to.

8.2 Transfer of Participations

A Participant may transfer all or some of such Participant’s Participations provided that all of certain conditions set forth in the Terms and Conditions have been met.

One of these conditions is that the envisaged transfer has been approved by the Fund Manager (such approval to be given or withheld at the Fund Manager’s sole discretion).

8.3 Redemption of Participations at the Request of a Participant

On any Settlement Date, provided the requirements of the Terms and Conditions have been met and redemption of Participations is not suspended in accordance with Article 8.3.3., the Fund Manager will redeem Participations at the request of a Participant sent in writing to the Administrator.

The Fund Assets will be sufficiently liquid to, under normal circumstances, allow the Fund to redeem Participations as requested by its Participants for at least 10% of the assets managed.

8.3.1 Redemption Price and Costs of Redemption

The Redemption Price of a Participation redeemed, is equal to the Net Asset Value per Participation as at the Valuation Date of such Participation. The Total Redemption Price is the applicable redemption price multiplied by the number of redeemed Participations.

In order to determine the net amount due by the Fund to a Participant in consideration for the redemption of Participations (the Total Redemption Amount), the Total Redemption Price may at the sole discretion of the Fund Manager be reduced by a discount in the event redemptions on the applicable Redemption Notice Date exceed subscriptions on such day and the associated costs to the Fund are material. The discount shall not exceed 0.5% of the relevant Total Redemption Price of the Participations redeemed. The discount shall be for the benefit of the Fund.

Participants shall economically be treated as having redeemed on the Valuation Date of the Participations redeemed and accordingly shall not receive any distributions declared by the Fund during the period from such Valuation Date to the Settlement Date of the Participations redeemed.
8.3.2 **Procedure**

Applications for the redemption of Participations should be submitted to the Administrator by means of a duly signed Redemption Notice specifying the details of the redemption. Redemption Notices are irrevocable once received by the Administrator.

If the Redemption Notice Date falls: (i) prior to or on the ninth (9th) day of a month, the Valuation Date of the Participations redeemed shall be the last day of that month; (ii) after the ninth (9th) day of a month, the Valuation Date of the Participations redeemed shall be the last day of the following month. The Determination Date of Participations redeemed shall be determined by the Fund Manager in its sole discretion, but shall be no later than the tenth (10th) Business Day after the Valuation Date of such Participations. The Settlement Date of the Participations redeemed shall be on the third (3rd) Business Day after such Determination Date.

The Total Redemption Amount will normally be paid to the redeeming Participant on the Settlement Date of the Participations redeemed, unless exceptional circumstances occur, in which case the consideration will be paid at the earliest possible Business Day thereafter.

8.3.3 **Suspension of Redemption**

The Fund Manager may suspend the redemption of Participations if:

a) the determination of the Net Asset Value has been suspended (see Section 10.2);

b) the transfer of funds realised from the sale of Fund Assets cannot, in the sole opinion of the Fund Manager, be effected at normal rates of exchange;

c) relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended;

d) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants;

e) the Participant did not act in compliance with applicable legislation or these Terms and Conditions;

f) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or

g) for whatever reason, the redemption of the Investee Funds Interests is suspended at the level of the relevant Investee Fund, as applicable.

8.4 **Mandatory Redemption of Participations**

The Fund Manager shall under certain extraordinary circumstances as set forth in the Terms and Conditions and with due regard to the general provisions and conditions relating to redemption of Participations be entitled to redeem all (but not part of) the Participations of any Participant.
9 COSTS AND EXPENSES

9.1 Introduction

In this Section 9 all costs and expenses related to the organisation, management and transactions of the Fund which will be paid by or charged to the Fund and accordingly result in a reduction of the Fund's Net Asset Value are described.

This Section does not refer to costs and fees charged to the Participants by the Fund upon a subscription for or redemption of Participations (for these costs and fees see Sections 7 and 8) or by their own service providers in connection with an envisaged investment in or divestment from the Fund (like fees and costs charged to a Participant by its advisors, banks or brokers).

All costs referred to in this Section will be allocated to the period to which they relate. Unless indicated otherwise, all costs will be brought at the charge of the Fund's profit and loss account.

9.2.3 Management Fee

The Fund Manager is entitled to an annual Management Fee equal to EUR 20,000 plus 0.08% of the Net Asset Value (i.e. 8 basis points) excluding (i.e. before deduction of) the Management Fee, as at the last calendar day of each month, with a minimum of EUR 110,000 per annum, payable monthly in arrears out of the Fund Assets. Any changes to the Management Fee are subject to the prior approval of the Fund Manager and the Legal Owner.

For the avoidance of doubt the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.

9.2.4 Advisory Fee

Establishment costs (set-up costs) estimated at EUR 55,000 as reimbursement for the costs charged to the Fund Manager in connection with the formation of the Fund, including legal and tax advisory fees and regulatory costs plus assurance report costs estimated at EUR 2,000, which shall be activated and written off over a period of five (5) years.
The costs of compliance with new financial supervision rules as such pursuant to implementation of the AIFMD and rules promulgated thereunder are estimated at EUR 25,000.

9.2.7 Costs Related to Investments in Investee Funds

Costs related to investments in Investee Funds include the subscription price for Investee Funds Interests.

In respect of the Investee Funds, a management fee from 1% up to 2.2% per annum may be charged at the level of such Investee Funds.

In addition, the following fixed and variable fees and costs may be charged at the level of the Investee Funds: custodian and administrative fees, advisory fees, organizational expenses, agency fees, transaction costs, operational costs, secretarial services fee, accounting fees, etc. In implementing the investment strategies, allocations may be made by a number of methods, including investment funds, managed accounts and other investment vehicles. Accordingly, further fees and expenses are likely to be incurred at the level of such investment funds, managed accounts and other investment vehicles.

Subscription price for Investee Funds Interests shall be borne by the Fund and be brought at the charge of the Fund’s profit and loss account. Other costs related to investments in Investee Funds shall be paid out of such relevant Investee Fund’s assets.

9.2.8 Ongoing Charges Figure

The ongoing charges figure (OCF) is the total amount of the costs of the Fund incurred in a year - except for transaction costs, interest costs and costs related to the issue and redemption of Participations that are chargeable to the net assets of the Fund - expressed as a percentage of the Fund’s average Net Asset Value for the year concerned. The OCF will be calculated at the end of each financial year and published annually in the Fund’s annual reports.

The below table illustrates the expected OCF of the Fund (based on EUR 225 million of assets under management):

10 VALUATION, REPORTING AND INFORMATION DISCLOSURE

10.1 Valuation Principles

The Fund Manager shall value the Fund Assets and Fund Obligations in accordance with Dutch GAAP and, where more specific, certain valuation methods set forth in the Terms and Conditions.

The Investee Funds Interests shall be valued on the basis of the latest available valuation of Investee Funds Interests provided by the administrators of the relevant Investee Funds, as further set forth in the Terms and Conditions. The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. To ensure valuations received from administrators of the Investee Funds are appropriate, valuations are reviewed by the Fund Manager (or the Administrator), based on the previous valuation received and other relevant information. Valuations that deviate materially from the previous valuation are further analyzed and if needed discussed with the manager or administrator of the relevant Investee Fund.

10.2 Reporting to Participants

10.2.1 Financial year

The financial year of the Fund shall begin on the first day of January and end on the thirty first day of December of the next calendar year. The first financial year of the Fund began on the Closing Date and ended on the thirty first day of December 2014.

10.2.2 Reporting on Net Asset Value

Subject to certain exception grounds set forth in the Terms and Conditions, the Fund Manager shall as per last calendar day of each month determine the Net Asset Value and the Net Asset Value per Participation. The Net Asset Value shall be expressed in Euro and be determined in accordance with the Fund’s valuation principles referred to above.

The Fund Manager has delegated the determination of the Net Asset Value and the Net Asset Value per Participation to the Administrator. In determining the Net Asset Value of the Fund and the Net Asset Value per Participation, the Administrator will follow the valuation policies and procedures adopted by the Fund as set out above. If the Fund Manager disagrees with the Net Asset Value and/or the Net Asset Value per Participation as determined by the Administrator, other than for the reasons of there being a mistake in the data feed, the Depositary will be consulted with respect to the determination of such Net Asset Value and the Net Asset Value per Participation. If the Depositary agrees with the Net Asset Value and the Net Asset Value per Participation as determined by the Administrator and contested by the Fund Manager, an independent auditor shall be selected by the Administrator and the Fund Manager to determine such Net Asset Value and the Net Asset Value per Participation.

The Fund Manager may declare a suspension of the determination of the Net Asset Value and the Net Asset Value per Participation:

a) if one or more stock exchanges on which Fund Assets are listed (or on which securities which belong to the assets of a collective investment scheme in which the Fund is invested are listed
directly or indirectly), are closed on other days than normal days of closure or if the transactions on these exchanges are suspended or subject to irregular restrictions;

b) if the communication means or calculation facilities normally used to determine the Net Asset Value no longer function or if, for any other reason, the value of a Fund Asset or Fund Obligation, cannot be determined with the speed or accuracy desired by the Fund Manager;

c) if there are factors relating to the political, economic, military or monetary situation that make it impossible for the Fund Manager to determine the Net Asset Value; or

d) if a resolution to liquidate the Fund is passed; or

e) if the management board of an Investee Fund suspends the determination of the net asset value of the relevant Investee Funds Interests, as applicable.

When the Fund Manager is unable to determine the Net Asset Value and the Net Asset Value per Participation, the Participants will be informed hereof.

In case of errors in the calculation of the Net Asset Value, the Fund Manager will as soon as possible prepare a report on the errors that were made and which correction will need to be made to the Net Asset Value. If a correction is required of more than 0.5% of the Net Asset Value, and a Participant incurred a loss by an allocation or redemption against the erroneously calculated Net Asset Value, the Fund will at the request of such Participant provide compensation (in cash or in Participations) for the relevant Participant for the actual loss incurred. The compensation will be paid out of the Fund Assets.

Within ten (10) Business Days following the calculation of the Net Asset Value a statement on the Net Asset Value of the Fund as per last calendar day of each month shall be published on the Fund Manager’s website.

10.2.3 Annual and Semi-annual Reporting

Within six (6) months after the end of each financial year of the Fund, Fund Manager shall, in accordance with the applicable legal requirements, prepare and publish the Fund’s annual accounts (consisting of at least a balance sheet, profit and loss account and explanatory notes), annual report and other information for such financial year.

Within nine (9) weeks after the end of the first half of the financial year, the Fund Manager shall draw up a semi-annual report and financial statements concerning this period.

The annual accounts and the semi-annual report shall be drawn up in accordance with the applicable provisions of Title 9 of Book 2 of the Dutch Civil Code and published on the Fund Manager’s website.

The Fund Manager will provide the Participants upon request and free of charge with copies of the annual accounts, annual report and semi-annual report, notwithstanding their compliance with other publication requirements under applicable laws.

10.2.4 Other Information

The license provided to the Fund Manager pursuant to article 2:65 FSA and the Terms and Conditions shall be available for inspection at the office of the Fund Manager. A copy of the Terms and Conditions shall be provided by the Fund Manager upon request free of charge and shall be published on the
Fund Manager’s website. A copy of the Fund Manager’s license shall be provided by the Fund Manager upon request at cost price.

Information regarding the Fund Manager, the Legal Owner and the Depositary from the Trade Register of the Netherlands shall be provided by the Fund Manager upon request at cost price.

A copy of the monthly report published on the Fund Manager’s website containing information on the total value of the Fund’s investments, the amount of outstanding participations, Net Asset Value and composition of the investment portfolio shall be provided by the Fund Manager upon request at cost price.

10.2.5 Information Regarding Investee Funds

The Fund Manager shall on behalf of the Fund, in its capacity of the holder of Investee Funds Interests, be entitled to receive and/or inspect documents which Investee Funds shall make available for the holders of interests in such Investee Funds. The Fund Manager may upon request and with the prior consent of the investment manager of the relevant Investee Fund provide certain information related to the Investee Funds to which 20% or more of the assets of the Fund are allocated to Participants at cost price.

10.3 Liquidity Risk

The Fund Manager employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with their underlying obligations. In particular, the Fund Manager can restrict redemptions on certain conditions as set out in the Terms and Conditions.

As and when relevant, the Fund Manager shall periodically (at least monthly) disclose to the Participants by e-mail or in the monthly fact sheet:

a) the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature;

b) any new arrangements for managing the liquidity of the Fund; and

c) the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

10.4 Independent Auditor

Ernst & Young Accountants LLP has been appointed as independent auditor of the Fund. Ernst & Young Accountants LLP is a member of the Netherlands Institute of Charted Accountants and are under supervision of the AFM based on the Audit Profession Act (Wet toezicht accountantsorganisaties).
11 DISTRIBUTIONS

11.1 Distributions Policy

As primary Fund Objective of the Fund is to achieve capital growth. Distributions of Net Proceeds (including profit distributions) will be made when (i) they are required in connection with the fiscal status of the Fund as a fiscal investment institution (*fiscale beleggingsinstelling*); or (ii) there are no sufficient suitable investment opportunities to achieve the Fund Objectives of the Fund. All distributions (including profit distributions) to the Participants will be made by the end of August of each calendar year and pro rata to the number of Participations held by each Participant.

Any distribution (including profit distributions) to the Participants, including the amount, composition and manner of payment, shall be published on the Fund Manager’s website.

11.2 Form of Distributions

Distributions of Net Proceeds (including profit distributions) will be made in cash, in EUR.
12 DUTCH TAXATION ASPECTS

12.1 Introduction

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a Participant, and does not purport to deal with the tax consequences applicable to all categories of Participants. The tax and other matters described in this Prospectus do not constitute, and should not be considered as, legal or tax advice to prospective Participants. Participants should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of the Participations.

12.2 Taxation of the Fund

The Fund qualifies as a non-transparent or “opaque” fund for Dutch tax purposes, since Participations can be transferred to persons other than (i) the Fund itself and (ii) relatives connected by blood or affinity in the direct line of a Participant without the requirement to obtain (implicit) approval from all Participants. Consequently, pursuant to article 2(2) CITA the Fund qualifies as an ‘open’ fund for joint account and therefore a taxable entity. In principle, this would imply that the Fund is subject to the standard Dutch corporate income tax regime.

However, pursuant to article 28 CITA, provided certain criteria are met, an investment fund (beleggingsfonds) is eligible for the status of a fiscal investment institution (fiscale beleggingsinstelling). In that case, the relevant investment institution is subject to corporate income tax at a zero rate.

In order to qualify for the status of a fiscal investment institution, the Fund must meet the following main conditions:

First of all, the objective of the Fund, as well as its actual business operations, must consist of the (passive) investment of capital.

In addition to that, the Fund must distribute its (net) income as dividends to its Participants within eight months following the end of its financial year. However, to avoid that capital gains and losses may influence the dividend distribution obligation, the Fund may opt to form a reinvestment reserve by adding the positive balance of capital gains on investments. Once such reserve is formed, any negative balance must obviously be charged against it.

Furthermore, the Fund may only finance its investments with debt to a certain maximum, i.e., 60% of the fiscal book value of any immovable property and 20% of the fiscal book value of any other investments.

Finally, certain requirements apply with respect to the Participants. Such requirements depend on whether or not Participations are offered to the general public (i.e. can in principle be offered to non-professional investors also). Participations are for such purposes considered to be offered to the general public if:

Prospectus Privium Sustainable Alternatives Fund
a) the shares or participations are admitted to a market for financial instruments as referred to in article 1:1 FSA; or
b) the Fund or its manager has a license as referred to in article 2:65 FSA or article 2:69b or is exempt from such license pursuant to article 2:66(3) FSA or article 2:69b(3) FSA.

The Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA, and as a consequence the following conditions apply to the offering of Participations:

a) an individual may not hold 25% or more of the interest in the Fund; and
b) a maximum of 45% of the total number of Participations (that participate in the reserves upon dissolution of the entity) may be held by one entity (being the ultimate beneficial owner and not being a fiscal investment institution the shares or participations of which are offered to the general public) that is subject to any form of tax levied on profit or the profit of which is included in such a tax at the level of the beneficiaries entitled to the capital or the profits of the entity.

12.3 Withholding Taxes

Pursuant to article 1(2) DTA, in principle distributions by the Fund are subject to the levy of Dutch dividend withholding tax at the statutory 15% withholding rate.

However, Dutch dividend withholding tax and any (non-reclaimable) foreign withholding taxes withheld on dividend and interest payments received by the Fund may be credited against the Dutch dividend withholding tax that must be withheld on dividends paid by the Fund. In principle, the Dutch dividend withholding tax that is not actually remitted to the Dutch Revenue by the fiscal investment institution as a result of this remittance reduction still remains creditable or refundable at the level of the individual Participants.

Since a fiscal investment institution is subject to the levy of Dutch corporate income tax rate (albeit at a zero percent rate), in principle the Fund can invoke bilateral tax treaties concluded by the Netherlands in order to benefit from exemption or reduction of any foreign taxes withheld on dividend or interest payments received by the Fund, as well as foreign capitals gains taxes.
13  POLICY REGARDING VOTING RIGHTS AND VOTING CONDUCT INVESTEE FUNDS AND INVESTEE COMPANIES

The Fund Manager, in its capacity of the fund manager of the Fund or the Legal Owner, in its capacity of the holder of the legal ownership of Investee Funds Interests or Investee Companies Interests, do not intend to attend the general meetings of shareholders/limited partners/members of the Investee Funds or Investee Companies and any relevant sole class or category meetings and to exercise the voting rights attached to such Investee Funds Interests or Investee Companies Interests.

1 DEFINITIONS

1.1 In these Terms and Conditions, except where terms are expressly defined herein, capitalized terms shall have the same meaning given to them in the Prospectus of Privium Sustainable Alternatives Fund.

1.2 Reference in these Terms and Conditions to any law, statute or statutory instrument or governmental regulation shall be deemed to include any modification, amendment, extension or re-enactment thereof.

1.3 References in these Terms and Conditions to "persons" are references to companies, corporations, unincorporated associations, partnerships, all other (corporate) entities (rechtspersonen) as well as individuals and natural persons (natuurlijke personen).

1.4 In these Terms and Conditions the masculine shall include the feminine and the neuter and the singular shall include the plural and vice versa as the context shall admit or require.

1.5 In these Terms and Conditions the headings used are for ease of reference only and shall not be deemed to form any part of these Terms and Conditions.

2 NAME, LEGAL FORM, TAX AND REGULATORY STATUS

2.1 The name of the Fund is: Privium Sustainable Alternatives Fund.

2.2 The Fund is a fund for joint account (fonds voor gemene rekening) organised and existing under the laws of the Netherlands.

2.3 The Fund is an investment fund (beleggingsfonds) as referred to in article 1:1 of the FSA. The Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

2.4 The Fund is under Dutch law not a legal entity nor a partnership, commercial partnership or limited partnership (maatschap, vennootschap onder firma or commanditaire vennootschap), but a contractual arrangement sui generis between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Participants.

2.5 These Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Participant (separately) originating from the execution of the Participant's Subscription Form.

2.6 These Terms and Conditions do not form an agreement between any or all Participants among themselves and are not (otherwise) aimed at any cooperation among or between any or all Participants and no provision of these Terms and Conditions shall constitute or be interpreted as constituting any right or obligation existing between any or all Participants vis-à-vis each
other or as a cooperation agreement (*samenwerkingsovereenkomst*) between the Fund Manager, the Legal Owner and any of the Participants.

2.7 A Participant’s obligation to pay a consideration for Participations is a commitment (*verbintenis*) to the Legal Owner (represented by the Fund Manager) only. This commitment is no contribution (*inbreng*) or commitment to make contribution to any partnership.

2.8 The Fund should be eligible for the status of a fiscal investment institution (*fiscale beleggingsinstelling*). This implies that profits realized are taxed at a zero percent corporate income tax rate, whereas the (mandatory) distribution of such profits to the Participants leads to an obligation for the Fund to withhold 15% dividend tax (subject to a specific payment credit mechanism for underlying withholding taxes).

3 TERM

The Fund is formed for an indefinite period of time but shall terminate upon the occurrence of any of the events set forth in Article 24.1.

4 FUND OBJECTIVE, INVESTMENT STRATEGY, INVESTMENT RESTRICTIONS

4.1 The Fund’s objective is to achieve long term capital growth.

4.2 To achieve this objective, the strategy of the Fund is to invest in a diversified portfolio of Investment Funds and listed Investee Companies worldwide (both developed countries and emerging markets) focused on Sustainable alternatives.

4.9 The Fund targets to invest between 30% and 70% of the assets of the Fund in microfinance, Sustainable private equity and Renewable Energy projects.

4.10 The Fund will not invest in Investment Funds (i) which do not offer redemptions on at least a quarterly basis; (ii) which have a redemption notice period of more than two (2) months, for Investment Funds with a quarterly redemption frequency; and (iii) which have a redemption notice period of more than three (3) months, for Investment Funds with a monthly redemption frequency.

4.11 The Fund mainly targets sufficiently liquid investments in order to meet redemption requests of the Participants.

4.12 The Fund will not invest more than 5% of the assets of the Fund in (i) Investee Companies and/or (ii) financial instruments issued by Investee Companies, which produce, sell or distribute cluster munitions, or crucial parts thereof, as mentioned in article 2 of the Convention on Cluster Munitions (Dublin, May 30th, 2008).

4.15 Deviation from the above restrictions is temporarily allowed during a portfolio rebalancing.

18.3 Costs, fees and expenses that are not explicitly assumed by the Fund pursuant to Article 18.1 shall not be borne by the Fund. For the avoidance of doubt, the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.
18.4 The Fund Manager is entitled to an annual Management Fee equal to EUR 20,000 plus 0.08% of the Net Asset Value (i.e. 8 basis points) excluding (i.e. before deduction of) the Management Fee, as at the last calendar day of each month, with a minimum of EUR 110,000 per annum, payable monthly in arrears out of the Fund Assets. Any changes to the Management Fee are subject to prior approval of the Fund Manager and the Legal Owner.

19 VALUATION PRINCIPLES

19.1 The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator, who shall value the Fund Assets and Fund Obligations in accordance with Dutch GAAP and, where more specific, the following valuation methods:

19.1.1 securities regularly listed on a stock exchange shall be valued at the most recent price delivered by reputable data vendors, including without limitation Bloomberg, Reuters, Fact Set and Financial Times;

19.1.2 securities for which no daily price is calculated shall be valued on the basis of the most recent official price, unless the Fund Manager (or Administrator as delegated party) is of the opinion that this price does not correspond with the actual value of the security in question, in which case the Fund Manager (or Administrator as delegated party) can determine the value itself on the basis of all available information;

19.1.3 securities which are neither listed nor quoted on any securities exchange or similar electronic system or if, being so listed or quoted, are not regularly traded thereon or in respect of which no prices as described above are available, will be valued at their probable realisation value as determined by the Fund Manager (or Administrator as delegated party) in good faith having regard to its cost price, the price at which any recent transaction in the security may have been effected, the size of the holding having regard to the total amount of such security in issue, and such other factors as the Fund Manager (or Administrator as delegated party) deems relevant in considering a positive or negative adjustment to the valuation;

19.1.4 investments, other than securities, which are dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued by reference to the most recent official settlement price quoted by that clearing house, exchange or financial institution. If there is no such price, then the average will be taken between the lowest offer price and the highest bid price at the close of business on any market on which such investments are or can be dealt in or traded, provided that where such investments are dealt in or traded on more than one market, the Fund Manager (or Administrator as delegated party) may determine in its sole discretion which market shall prevail;

19.1.5 investments, other than securities, which are not dealt in or traded through a clearing firm or an exchange or through a financial institution will be valued on the basis of the latest available valuation provided by the relevant counterparty;

19.1.6 deposits will be valued at their cost plus accrued interest;
19.1.7 investments in Investee Funds will be valued on the basis of the latest available valuation of Investee Funds Interests provided by the administrators of the relevant Investee Funds;

19.1.8 all other Fund Assets and Fund Obligations shall be valued on the basis of current fair value, subject to the most recent market quotations and customary valuation methods that apply for the relevant Fund Asset or Fund Obligation; and

19.1.9 all Fund Assets and Fund Obligations denominated in foreign currency shall be converted into Euro in accordance with the currency exchange rate prevailing at the close of business of last calendar day of the relevant month.

19.2 If the Fund Manager disagrees with the Net Asset Value and/or the Net Asset Value per Participation as determined by the Administrator, other than for the reasons of there being a mistake in the data feed, the Depositary will be consulted with respect to the determination of such Net Asset Value and the Net Asset Value per Participation. If the Depositary agrees with the Net Asset Value and the Net Asset Value per Participation as determined by the Administrator and contested by the Fund Manager, an independent auditor shall be selected by the Administrator and the Fund Manager to determine such Net Asset Value and the Net Asset Value per Participation.

19.3 The valuation shall be performed in accordance with article 19 AIFMD.

20 REPORTING

20.1 The financial year of the Fund shall begin on the first day of January and end on the thirty first day of December of the next calendar year. The first financial year of the Fund began on the Closing Date and ended on the thirty first day of December 2014.

20.2 On the last calendar day of each month the Fund Manager shall determine the Net Asset Value and the Net Asset Value per Participation. The Net Asset Value shall be expressed in Euro. The Net Asset Value and the Net Asset Value per Participation can be found on the website of the Fund Manager.

20.3 The Fund Manager may declare a suspension of the determination of the Net Asset Value and the Net Asset Value per Participation:

20.3.1 if one or more stock exchanges on which Fund Assets are listed (or on which securities which belong to the assets of a collective investment scheme in which the Fund is invested are listed directly or indirectly), are closed on other days than normal days of closure or if the transactions on these exchanges are suspended or subject to irregular restrictions;

20.3.2 if the communication means or calculation facilities normally used to determine the Net Asset Value no longer function or if, for any other reason, the value of a Fund Asset or Fund Obligation, cannot be determined with the speed or accuracy desired by the Fund Manager;
20.3.3 if there are factors relating to the political, economic, military or monetary situation that make it impossible for the Fund Manager to determine the Net Asset Value;

20.3.4 if a resolution to liquidate the Fund is passed; or

20.3.5 if the management board of an Investee Fund suspends the determination of the net asset value of the relevant Investee Funds Interests, as applicable.

20.4 In case of any errors in the calculation of the Net Asset Value, the Fund Manager will within three (3) Business Days prepare a report describing the errors that were made and the correction(s) which will need to be made to the Net Asset Value. If: (i) a correction is required of more than 0.5% of the Net Asset Value, and (ii) the Participants or the Fund (i.e. the then present Participants) incurred losses by a subscription or redemption against the erroneously calculated Net Asset Value, the Fund Manager will provide compensation (in cash or in Participations) for the relevant Participant and/or the Fund (i.e. the then present Participants) for the actual losses incurred, unless the error is not attributable to the Fund Manager or the Legal Owner, taking into account their liabilities as set out herein. For the avoidance of doubt, the Legal Owner shall have no role in determining the value of the Fund Assets.

20.5 Within six (6) months after the end of the each financial year of the Fund, the Fund Manager shall, in accordance with the applicable legal requirements, prepare and publish the Fund's annual accounts (consisting of at least a balance sheet, profit and loss account and explanatory notes), annual report and other information for such financial year. The annual accounts shall be drawn up in accordance with the relevant provisions of Title 9 of Book 2 of the Dutch Civil Code.

20.6 Within nine (9) weeks after the end of the first half of the financial year, the Fund Manager shall draw up a semi-annual report and financial statements concerning this period.

20.7 The annual accounts will be adopted by the Fund Manager and the Legal Owner.

20.8 The Fund Manager will make available copies of the annual accounts, the annual and the semi-annual reports free of charge to each Participant, notwithstanding its compliance with other publication requirements under applicable laws.

20.9 The annual accounts and the semi-annual report shall be published on the Fund Manager's website.

20.10 The Fund Manager shall at the request of any Participant, and each Participant shall at the request of the Fund Manager, promptly furnish to the requesting party any information which is necessary in order to determine or discharge any obligation to withhold taxation or to file tax returns and reports for taxation or other statutory purposes provided that the Fund Manager or such Participant is able to obtain such information without unreasonable effort or expense.

20.11 The Fund Manager shall use its reasonable best efforts to ensure that no Participant will be subject to any tax filing obligations or income or similar tax payment obligations with respect to the income of the Fund in any jurisdiction (other than the jurisdiction in which such
Participant is domiciled) solely as a result of the direct or indirect activities of the Fund. In addition, in making investment decisions, the Fund Manager shall consider the potential impact of withholding taxes on the Fund and its Participants on the returns from such investment.

21 DISTRIBUTIONS

21.1 The Fund Manager may, at its sole discretion and at any time, decide to distribute any Net Proceeds to the Participants. All distributions to Participants will be made pro rata to the numbers of Participations held by each of them.

21.2 Distributions of Net Proceeds will be made in cash, in Euro.

21.3 Any distribution to the Participants, including the amount, composition and manner of payment, shall be published on the Fund Manager’s website.

22.3 Notice of amendments made will also be made on the website of the Fund Manager. In addition, an explanation to the amendments will be published on the website of the Fund Manager.

22.4 An amendment of the Prospectus or the Terms and Conditions causing a reduction in Participants’ rights or security, imposing costs on the Participants or causing a change to the Investment Strategy does not become effective in relation to the Participants until two (2) months following the date on which such notification has been published on the Fund Manager’s website. Participants have the right to redeem their Participations within this period following the date on which such notification has been disclosed.

22.5 All parties to these Terms and Conditions shall be bound by any amendment to these Terms and Conditions effected in accordance with the provisions of this Article 22.

23 REGULATORY CHANGES

23.1 The regulatory environment for investment funds is currently evolving as new legislation aimed at increasing transparency of the space of alternative investment funds is being introduced. In the light hereof, during the existence of the Fund, additional and/or amended legislation and regulations affecting the Fund, the Fund Manager, the Depositary, the Legal Owner and the Administrator may come into force.

23.2 The Legal Owner and the Fund Manager may amend the Fund Documents if the Legal Owner and the Fund Manager reasonably determine that a regulatory change has a material adverse effect on the Fund and/or the Legal Owner and/or the Fund Manager, such that (i) the material
adverse effect of the applicable change is removed or mitigated, and (ii) the Fund shall bear its reasonable allocable portion of the costs in relation to the implementation of and compliance with the change (it being understood such allocation is in principle determined on the basis of the number of funds managed by the Fund Manager that fall within the scope of such change).

24 DISSOLUTION AND LIQUIDATION

24.3 Upon dissolution of the Fund, no further business shall be conducted except for such action necessary for the liquidation of the affairs of the Fund in accordance with the applicable provisions of the law and these Terms and Conditions, including the sale or realisation otherwise of any remaining Fund Assets and payment of any remaining Fund Obligations and the distribution of any Fund Assets remaining after payment of the Fund Obligations to the Participants and the Fund Manager. During the liquidation period these Terms and Conditions shall, to the extent possible, remain in full force and effect.

24.4 The liquidation of the Fund shall be effected by the Fund Manager, provided, however, that if the Fund is dissolved for a reason set forth in Article 24.1.1, then the Participants shall by Ordinary Consent appoint another party as liquidator which shall have the rights and obligation of a Fund Manager under these Terms and Conditions be it for the sole purpose of and within the restrictions set by Article 24.3.

24.5 The balance left after the liquidation shall be paid in cash to the Participants in accordance with the provisions of Article 21. If any Fund Obligation is contingent or uncertain in amount, a reserve will be established in such amount as the Fund Manager deems reasonably necessary; upon the satisfaction or other discharge of such contingency, the amount of the reserve not required, if any, will be distributed in accordance with the provisions of Article 21.

25 INDEMNIFICATION

25.1 The Legal Owner, the Fund Manager and any of their respective (former) directors, employees and advisors (each of them in this Article referred to as an "Indemnified Person"), will be indemnified out of the Fund Assets against any and all liabilities, actions, proceedings, claims, costs, demands or expenses incurred or threatened by any of them arising out of or in

25.3 The rights of the Indemnified Persons to be indemnified in accordance with this Article shall survive the termination of the Fund.

26 MISCELLANEOUS

26.1 The Fund Manager shall and shall cause the Fund to comply and to continue to comply, and shall request the Participants to comply and continue to comply, with all applicable regulations (including any applicable anti-terrorism and money laundering regulations). The Fund Manager will promptly inform the Participants of any non-compliance that comes to its attention which could have an impact on the Participants.

26.2 If any Article or provision of these Terms and Conditions shall be held to be invalid or unlawful in any jurisdiction such Article or provision shall only be ineffective to the extent of such invalidity or unenforceability. The remainder of these Terms and Conditions shall not be affected thereby and shall remain in full force and effect and any such invalidity or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provisions in any other jurisdiction.

SCHEDULE 3
ANTI-MONEY LAUNDERING OBLIGATIONS OF THE FUND

Pursuant to the Dutch Act on the Prevention of Money Laundering and Terrorism Financing is concerned (Wet ter voorkoming van witwassen en financieren van terrorisme, the “Wwft”), a “client investigation” (cliëntenonderzoek) needs to be conducted by the Fund Manager with respect to each applicant Participant prior to their entering into the Fund.

In general terms, the purpose of the “regular” Wwft client investigation is to:

(i) establish and lay down the purpose and the nature of the envisaged business relationship, which must be documented, and subsequently (to the extent possible) “monitor” the consistency of the information so laid down with the actual (increased) knowledge the Fund Manager has of the Participant. When doing so, the Fund Manager may take into account the actual profile type of the client;

(ii) establish the identity of the applicant Participant and verify the identity so obtained on the basis of “reliable sources”; in addition, if the applicant investor is a trustee, establish the identity of the settlors of the trust; the documentation on the basis of which the identification and verification has occurred must be retained;

(iii) (if applicable) establish and verify the identity of any ultimate beneficiary owner of the applicant Participant, being:

(a) natural person holding a 25% or more participating interest in the Participant or 25% or more of the voting rights in the Participant, or who is otherwise factually able to exercise a decisive influence in the Participant; or

(b) in the event that the Participant would consist of a trust or foundation, a person being, either directly or indirectly, the beneficiary of 25% or more of such trust or foundation’s assets or having direct or indirect control over 25% or more of such assets;

(iv) if the applicant Participant has an ultimate beneficiary owner as described under (iii), to establish and verify such ultimate beneficiary owner’s identity.

In certain cases, a “simplified” client investigation suffices (e.g. for applicant that are listed companies, credit institution, financial service providers, collective investment schemes, investment firms, insurance undertakings based in the Netherlands, the European Union, Argentina, Australia, Brazil and several other countries). It is sufficient to establish and lay down the purpose and the nature of the envisaged business relationship and to retain a reliable document evidencing that the relevant applicant Participant falls under one of the categories for which a “simplified” client investigation applies.

In other cases (e.g. increased risk of money laundering or terrorism financing, applicant is a “Politically Exposed Person”, client is a natural person that is not present for identification purposes), an “extended” client investigation must be performed. In that case, extensive verification and monitoring requirements apply.
