This table shows the money you could get back over the next five years, under different scenarios, assuming you invest EUR 10,000.

The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products.

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment.

The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

The figure shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What happens if Privium Fund Management B.V. is unable to pay out?

The product's assets are held separately from Privium Fund Management B.V. A pay-out of the product's assets is thus not affected by the financial position or potential default of Privium Fund Management B.V.

The Legal Owner holds the legal ownership of the Fund Assets as required by law.

What are the costs?

Below is an overview of the costs, both direct and indirect costs, associated with an investment in the Fund. The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs. The amounts shown here are the cumulative costs of the product itself, for three different holding periods. They include potential early exit penalties. The figures assume you invest EUR 10,000. The figures are estimates and may change in the future.

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

Units may only be redeemed on Redemption Dates with due notice. No partial redemptions will be permitted if, immediately thereafter, the value of a redeeming Unit Holder's holding would be less than the minimum holding permitted, unless approved by the Fund Manager in its sole and absolute discretion. Shares may not be redeemed when the calculation of the NAV is suspended.

A redemption fee shall be charged in case of redemptions of Units within 3 years. The early redemption fee decreases on a linear basis over 3 years of investing from three per cent. (3%) to zero per cent. (0%).
