## **1 EXECUTIVE SUMMARY**

### **1.1 Introduction**

The following is a brief summary only and is qualified in its entirety by the more detailed information appearing in the body of this Prospectus. Information in this executive summary is not intended to be exhaustive and should always be read in conjunction with the full text of this Prospectus. The information provided in this summary has been updated until and reflects the situation as per the date mentioned on the cover page of this Prospectus.

### **1.2 The Fund, Fund Manager and Legal Owner**

The Fund will invest in diversified portfolio of Investment Funds worldwide.

Privium Fund Management B.V. will act as the AIFM of the Fund and Stichting Juridisch Eigendom Multi Strategy Alternatives Fund will act as the legal owner of the assets and liabilities of the Fund. In managing the assets and liabilities of the Fund, the Fund Manager will act solely in the best interests of the Participants. The Legal Owner will be the legal owner of all assets of the Fund and liabilities of the Fund. The Legal Owner will acquire and hold the assets of the Fund and assume the obligations for the account and risk of the Participants. The Legal Owner will act solely in the best interests of the Participants.

### **1.3 Fund Objective and Investment Strategy**

The Fund's objective is to achieve long term capital growth. To achieve this, the strategy of the Fund is to invest in a diversified portfolio of Investment Funds worldwide, predominantly hedge funds. When selecting Investment Funds, the Fund Manager will focus on fund managers that manage at least one hundred million Euros (EUR 100,000,000) in the same strategy. The aim is to avoid illiquid strategies and illiquid Investment Funds.

### **1.4 Legal Structure, Tax Aspects and Regulatory Position**

#### **1.4.1 Legal Structure**

The Fund is not a legal entity (*rechtspersoon*) but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. The Fund has an open-ended structure. The Fund is governed by the Terms and Conditions. By executing the Subscription Form, a Participant represents and warrants to have reviewed the Terms and Conditions and agrees to be bound thereby. A Participant is admitted to the Fund by the issuance of Participations to the Participant.

The Fund shall have three (3) classes of Participations, each denominated in USD and EUR:

USD - Class A;  
USD - Class B;  
USD - Class C;  
EUR - Class A;  
EUR - Class B; and  
EUR - Class C.

All Classes provide exposure to the same Fund Objective and Investment Strategy. The sole difference between the different Classes is that:

- the holders of Class A Participations will pay a lower Management Fee, due to the fact that the Delegate will waive its delegation fee that is payable out of the Management Fee for this Class. Only investors that are a client of the Delegate shall be issued Class A Participations against each such Participant's individual subscription;
- the holders of Class C Participations will pay no Management Fee, due to the fact that both the Delegate and the Fund Manager will waive, respectively, the delegation fee payable out of the Management Fee and the Management Fee for this Class. Only Global Allocation Fund as a Participant shall be issued Class C Participations against Global Allocation Fund's subscription; and
- other Participants subscribing will be issued Class B Participations, unless otherwise determined by the Fund Manager in its sole discretion.

The Participations are redeemable on certain conditions as set forth in this Prospectus and the Terms and Conditions.

#### **1.4.2 Tax Aspects**

The Fund qualifies as a transparent or "closed" fund for joint account for Dutch tax purposes, since Participations can only be transferred to the Fund itself, as except for Permitted Transfers, a transfer of Participations is not possible. Consequently, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund's results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

#### **1.4.3 Regulatory Position**

The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

### **1.5 Fund Governance**

The Participants will hold meetings when called by the Fund Manager. The Fund Manager shall call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of Participants and (ii) in case of one (1) or more Participants holding, in aggregate, at least twenty five per cent. (25%) of the outstanding Participations request the Fund Manager to call such meeting.

## 1.6 **Distribution Policy**

Any distribution to Participants shall be published on the Website. Distributions of Net Proceeds will be made in cash, in USD in respect of Participations denominated in USD and in EUR in respect of Participations denominated in EUR.

## 1.7 **Minimum Investment, Subscriptions and Redemptions**

The minimum subscription amount per Participant is one hundred thousand U.S. Dollars (USD 100,000) (for the USD classes of Participations) or one hundred thousand Euros (EUR 100,000) (for the EUR classes of Participations). This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

Section 7 of this Prospectus contains the subscription procedures. The Fund Manager reserves the right to reject an application in whole or in part.

A Participant cannot transfer its Participations, except for Permitted, but will be able to redeem its Participations upon its request. The Fund Manager may suspend a redemption under certain conditions. Section 8 of this Prospectus contains the redemption procedures.

## 1.8 **Website**

The Fund Manager's website address is [www.priviumfund.com](http://www.priviumfund.com).

### **3 THE INVESTMENT OPPORTUNITY, INVESTMENT RESTRICTIONS AND RISK MANAGEMENT FRAMEWORK**

#### **3.1 Fund Objective, Investment Strategy and Fund Performance Objectives**

##### **3.1.1 Fund Objective**

The Fund's objective is to achieve long term capital growth by investing in Investment Funds.

##### **3.1.2 Investment Strategy**

To achieve the Fund Objective, the Fund will primarily invest in a diversified portfolio of Investment Funds that are hedge funds established and managed worldwide. When selecting Investment Funds, the Fund Manager will focus on fund managers that manage at least one hundred million Euros (EUR 100,000,000) in the same strategy. The aim is to avoid illiquid strategies and illiquid Investment Funds.

The portfolio will be managed actively, combining the goals of capital preservation with a reasonable risk adjusted return.

The portfolio will be managed subject to the benchmark, performance objectives and the Investment Restrictions set out below. The Fund Manager may only deviate from these provisions and change the Investment Strategy by amending this Prospectus and the Terms and Conditions in the way set forth in Section 5.1.6 of this Prospectus.

If the Fund holds investments denominated in currencies other than USD (for the USD classes of Participations) or EUR (for the EUR classes of Participations), this entails a foreign exchange risk. The Fund Manager therefore may, but is not under an obligation to, hedge foreign exchange risks if it considers this to be in the interest of the Participants.

The Fund may enter into any investment, divestment or other business transaction with any other funds managed by the Fund Manager or Affiliates of the Fund Manager or advised by the Delegate or with related party funds, on the terms and conditions as applicable under the relevant funds' documentation. Valuations in relation to any such transaction may be performed by one or more parties involved in such transaction.

##### **3.1.3 Fund Performance Objectives**

The performance objective of the Fund is to seek to outperform the following benchmark: HFRX Global Hedge Fund Index in USD, Bloomberg ticker HFRXGL index, on a risk adjusted basis.

Measurement of performance will commence immediately after the Net Asset Value is calculated.

The performance objectives described in this Section 3.1.3 will be treated as targets only and should not be considered as an assurance or guarantee of the performance of the Fund or any part of it, or impose any additional liability on the Delegate or the Fund

Manager. The Delegate and the Fund Manager will however exercise reasonable professional care and skill with a view to achieving these objectives.

### 3.2 Fund Investment Restrictions

The below restrictions will apply to the Fund Assets.

#### 3.2.1 *Investment Thresholds*

Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest eighty five per cent. (85%) or more of the assets of the Fund in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such Investment Funds have identical investment strategies; or (ii) otherwise have an exposure of at least eighty five per cent. (85%) of the assets of the Fund in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:

- a) following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
- b) the competent authorities so confirm.

#### 3.2.2 *Borrowings*

The Fund Assets may be pledged to the Custodian to borrow against the Fund Assets, only for bridge financing purposes and limited to twenty per cent. (20%) of the Fund Assets. Such borrowings are temporary in nature and pending redemption proceeds of investee funds. In order to mitigate the risk of currency devaluations or fluctuations, the Fund Manager may hedge against a decline in the value of the Fund's non-USD and non-EUR denominated Fund Assets. The Fund Manager is not allowed to lend any of the Fund Assets to a third party. The Fund shall not employ leverage within the meaning of article 4 under (v) AIFMD.

### 3.3 Risk Management Framework

Under the AIFMD, the Fund Manager is required to establish and maintain a permanent risk management function. This function should have a primary role in shaping the risk policy of each AIF under management by the Fund Manager, risk monitoring and risk measuring in order to ensure that the risk level complies on an ongoing basis with the AIF's risk profile.

The risk management function performs the following roles:

- a) implement effective risk management policies and procedures in order to identify, measure, manage and monitor risks;
- b) ensure that the risk profile of an AIF is consistent with the risk limits set for the AIF;
- c) monitor compliance with risk limits; and
- d) provide regular updates to senior management concerning:
  - 1) the consistency of stated profile versus risk limits;
  - 2) the adequacy and effectiveness of the risk management process; and

- 3) the current level of risk of each AIF and any actual or foreseeable breaches of risk limits.

To identify the risk profile and main risks, and ensure the right measurement, management and monitoring of these risks, the Fund Manager has a rigid risk onboarding process. It ensures that the investment process is properly documented and the product itself is properly reviewed.

As described by the AIFMD, quantitative risk limits are, where possible, constructed for various risk categories: market risk, liquidity risk, credit risk, counterparty risk and operational risk. These risk limits should be in agreement with the risk profile of the fund.

The risk management function is fully independent from the portfolio management function of the Fund Manager. The risk manager has full authority to close positions or the authorization to instruct the closing of positions on its behalf in case of a risk breach.

To ensure that all risk management tasks are executed correctly and timely, the Fund Manager uses an automated system (the “**CM System**”) that registers all risk tasks, keeps a list of all pending risk tasks, and escalates risk tasks that have not been executed or report a violation of a risk rule. The CM System produces an audit log that can be verified by the internal auditor, the external auditor, the management board, the regulator or other stake holders. Not all risk variables have limits but to identify any new relevant risks, every variable that is reported in the CM System flows through a sanity check. The sanity check will raise an exception if the variable falls outside its “normal” boundaries. The risk manager is notified of these exceptions and will make an assessment whether the situation is stable or whether further escalation is needed.

The positions of the fund are administered and reconciled using Arbor Financial Services and risk reports such as Value at Risk and Stress Scenarios are run using Bloomberg.

The Fund Manager uses an api-based system in which positions and/or risk exposures are synced from the relevant portfolio manager’s Excel (or alternative software) to a central database.

The CM System is responsible for monitoring of the pre-defined risk limits. The limits can either be configured as notification limits, soft limits or hard limits. In case of a breach of any of the limits, the escalation procedures are followed as described in the Risk Management Procedures (Annex 17) of the *‘Privium Handbook’*.

The reoccurring risk tasks are:

- a) weekly risk report by risk management, including Value at Risk;
- b) monthly reporting by portfolio management;
- c) quarterly operational risk management; and
- d) monthly stress scenarios, whereby extra stress scenarios can be done on an ad hoc basis.

The Fund Manager employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with their underlying obligations. In particular, the

Fund Manager can restrict redemptions on certain conditions as set out in the Terms and Conditions.

The Fund Manager has established a risk control framework. During the monthly risk meetings all relevant developments regarding risk management at the level of the investment funds under management by the Fund Manager, including the Fund, and the Fund Manager itself are being discussed.

On a monthly basis the Risk Committee of the Fund Manager meets to discuss the performances and risks of the Fund. Any breaches are discussed. On a yearly basis a risk evaluation and product review is being conducted.

## **4 RISK FACTORS**

### **4.1 Introduction**

An investment in the Fund carries a high degree of risk. There can be no assurance that the Fund will achieve its Fund Objective or that Investee Funds' investment policy or activities will be successful. The value of the Fund's investments and the Participations may fall as well as rise and returns on past investments are no guarantee as to the returns on future investments. Accordingly, Participants may lose all or part of their investment in the Fund. An investment in the Fund requires the financial ability and willingness to accept for an indefinite period of time the risk and lack of liquidity inherent in the Fund.

Due to the Investment Strategy, the value of Fund Assets can strongly fluctuate. Potential participants should consider, among others, the non-exhaustive list of risks mentioned below, review this Prospectus and its ancillary documents carefully and in their entirety, consult with their professional advisors and conduct and subsequently rely upon their own investigation of risk factors associated with the proposed investment in the Fund. Potential Participants should realize that the existence and occurrence of certain risks may contribute to the existence and occurrence of other risks.

### **4.2 Risks Relating to the Fund**

#### *Performance*

The Fund's results will largely depend upon the performance of Investee Funds.

#### *Lack of Liquidity*

Some of the Fund Assets may be in assets which are illiquid or may become illiquid under certain market conditions. Accordingly, it may not always be possible to purchase or sell those assets for their expected value or, if applicable, the prices quoted on the various exchanges. The Fund's ability to respond to market movements may be impaired and the Fund may experience severe adverse price movements upon liquidation of its Fund Assets.

#### *(Foreign) Currency Risk*

The Net Asset Value of the USD and EUR classes of Participations may be affected by exchange rate fluctuations. An example would be that the investments are denominated in USD, while the EUR classes of Participations are denominated in EUR. The Fund will hedge the EUR classes of participations against a decline in the value of the Fund's investments not denominated in the applicable class currency resulting from currency devaluations or fluctuations. Additionally, certain of the Fund Assets may be denominated in currencies other than the USD or EUR while the Fund's accounts will be denominated in USD and EUR, as applicable, returns on certain Fund Assets may be significantly influenced by currency risk. The Fund Manager may hedge against a decline in the value of the Fund's non-USD and non-EUR denominated Fund Assets. Should the Fund Manager decide to hedge the risk of currency devaluations or fluctuations, the Fund Manager may not always succeed in realizing hedges under acceptable conditions and consequently the Fund may be subject to the risk of changes in relation to the value of the currencies in which any of its assets are denominated.

### *Restrictions on Transfers and Potential Illiquidity of Participations*

Participations may not be registered under any securities laws and, therefore, cannot be resold unless they are subsequently registered under such laws or regulations there under. Participations are also subject to restrictions on their transferability under the Terms and Conditions. There is no public market for the Participations and none is expected to develop. Under certain circumstances as set out in Section 8.3.3 of this Prospectus, the Fund Manager may suspend the redemption of Participations.

### *Concentration of Investments*

The Fund may hold relatively few, large investments in relation to the size of the Fund. The Fund could be subject to significant losses if it holds a large position in a particular investment that declines in value or is otherwise adversely affected. Lack of liquidity may aggravate such losses significantly. In addition, the Fund may own a significant percentage of all of the shares or other securities issued by an Investee Fund. It may not always be possible to dispose of such securities without incurring significant losses. Potential profits may not always be immediately realisable and may therefore be lost prior to realisation.

### *Non-diversified Status of Fund Assets*

The Fund may not be able to achieve adequate diversification in respect of geography, instrument and investment type, sector, capitalisation, liquidity, volatility and/or currency. Consequently the Fund Assets may be subject to and experience greater risk and market fluctuation than a fund that has investments representing a broader range of investment alternatives.

### *Counterparty Risk*

The Fund will be subject to the risk of the inability or refusal of payment or clearing institutions, principals or other service providers or other counterparties to its transactions, to perform or to perform in time under such services or transactions. Any such failure, refusal or delay, whether due to insolvency, bankruptcy or other causes, could subject the Fund to substantial losses. It is expected that the Fund Manager will seek to mitigate these risks by reviewing the creditworthiness and reliability of all service providers and counterparties and only entering into transactions with those parties that the Fund believes to be creditworthy and reliable.

### *Inflation*

Due to inflation, the relative value of Participations may decline. The Fund will not specifically hedge inflation risk or take other measures to mitigate this specific risk.

### *Market Risks*

Markets may rise and fall and the prices of financial instruments and other assets on the financial markets in general, and more specifically the prices of assets of the nature and type the Fund may invest in and hold, can rise and fall. A careful selection and spread of investments does not provide any guarantee of positive results. There may be various reasons why markets fall like recessions caused by a change in the economic business cycle or a pandemic.

### *Cyber security risk*

The Participants are exposed to the risk of a cyber attack or data breach at the level of the Fund Manager or at the level of the service providers. The Fund Manager and service providers have implemented measures to mitigate this risk as much as possible.

### *Delegation risk*

The risk of delegating activities is that a delegated party may not comply with its obligations, notwithstanding existing agreements. The Fund Manager and the delegates have implemented measures to mitigate this risk as much as possible.

### *Changing Legislation*

The regulatory and tax environment for investment funds in general as well as certain financial instruments and other types of investments are evolving and changes therein may adversely affect both the Fund's ability to pursue its investment strategies and the value of its Fund Assets. An example of a regulatory change will be the new EU law on disclosures relating to sustainable investment and sustainability risks (SFDR). The effect of any future regulatory or tax change on the Fund is impossible to predict. The fiscal status of the Fund may change during the term of the Fund. The Participants are urged to seek fiscal advice before participating in the Fund.

### *Unclear Legislation*

Unclear rules and regulations and conflicting advice may result in a breach of rules and regulations applicable to the Fund. Resulting fines and other sanctions and possible damage to the reputation of the Fund, the Fund Manager and other connected persons may result in a negative impact on the Net Asset Value of the Fund and the Participations.

### *Limited Rights of Participants*

The Fund Manager has exclusive authority for managing all operations of the Fund. Participants cannot exercise any management or control functions with respect to the Fund's operations, although they have limited voting rights in certain organisational respects as set forth in the Terms and Conditions.

### *Indemnification*

Under the Terms and Conditions, the Fund Manager and the Legal Owner are entitled to be indemnified out of Fund assets against costs, losses and expenses which they may incur or become liable in connection with the execution of their duties. In addition, the Depositary, Delegate, the Administrator and other service providers also are entitled to indemnity under the terms of their respective agreements for services. These obligations could require substantial indemnification payments out of the Fund Assets, provided however that the Depositary shall not be so indemnified with respect to any matter resulting from its negligent or intentional failure to properly fulfil its obligations in accordance with article 21(12) of the AIFMD, and no other person shall be so indemnified with respect to any matter resulting from its attributable breach (*toerekenbare tekortkoming in de nakoming*).

### *Redemption Risk and Restrictions*

The Fund is an open-ended fund and Participations may be redeemed at the request of a Participant in accordance with the restrictions of Section 8 of this Prospectus and the applicable terms of the Terms and Conditions. Accordingly, there can be no guarantee that the actual Redemption Price reflects the Net Asset Value per Participation as at the date of submitting the Redemption Notice. The Fund Manager may further suspend the redemption of Participations if: (i) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants; (ii) the Participant did not act in compliance with applicable legislation or the Terms and Conditions; (iii) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or (iv) relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended. Redemptions may cause the Fund to dispose of assets in order to meet its redemption obligations earlier than anticipated or under less favourable market conditions than the Fund would otherwise have disposed of such assets. This may result in a lower Net Asset Value of the Fund generating lower or negative returns for the non-redeeming Participants. Significant redemptions may lead to significant losses to Participants, which remain invested in the Fund.

### *General Political Factors*

Investment results may be adversely affected by developments in countries in which the Fund Assets or counterparties are located. This may result in a partial or complete loss by the Fund as a result of the breakdown of the country's financial system. Such developments include, without limitation: war; civil unrest, ranging from protests to civil war; changes in the political situation and/or government of a country; acts of terrorism; expropriation and creeping expropriation; and inability to transfer moneys cross-border or convert moneys to hard currency.

## **4.3 General Risks Associated with Investments in Investee Funds**

The risks similar to those cited with respect to the Fund might also apply to Investee Funds, in addition to the specific risks which might be applicable to such Investee Funds, such as:

### *Capital Market Developments*

The profitability of portfolio companies of Investee Funds partly depends on the developments in the capital markets. Developments in both debt and equity markets may impact on the ability of such or portfolio companies to obtain debt financing or raise capital through share offerings. This may in turn impact the returns available for the relevant Investee Fund.

### *Non-listed Securities*

An Investee Fund may invest a large portion of its assets in securities that may not be listed or traded on a stock exchange or regulated market. The issue of such securities may not be monitored by an authority. There may also not be a secondary market monitored by the authorities for such instruments, and the liquidity of these instruments may accordingly be low. As these debt instruments may be issued by issuers who are new to the market or were only

recently established, the selection of investments may not be based on detailed historical analyses of the issuer's activities. Consequently the risks and default risks for such investments may be much greater than for listed securities.

#### *Follow-on Investments*

An Investee Fund may have the opportunity or be requested to increase its investment in a particular portfolio company. In case an Investee Fund undertakes such follow-on investments, it may significantly increase its exposure to a particular portfolio company. In case it does not undertake such follow-on investments, this may have a negative impact on the returns of a particular portfolio company, or may lead to a dilution of the value of the relevant Investee Fund's investment.

#### *Private Equity Investments*

To a limited extent, the Investee Funds may invest in private equity capital. Investments with private equity characteristics typically involve uncertainties that cannot be compared to those arising in the case of other types of investments. In many cases, private equity investments involve companies that have been in existence for only a short time and which intend to establish themselves in an existing market or occupy new business areas. The business concepts behind these companies are usually based on new, innovative products or processes. Consequently, the process of forecasting the performance of such companies, their business concepts and potential sales is often fraught with uncertainty.

#### *Investment Strategy*

It should be borne in mind that the risk involved in these type of investments are greater than that normally associated with other types of investment, as the investment strategies can be subject to sudden, unexpected and substantial price movements. Consequently, the trading of such investments can lead to substantial losses as well as gains in the net asset value per share, unit or participation within a short period of time.

Investments may be made in markets that are volatile and/or which may become illiquid. Accordingly, although certain investments may give greater liquidity than an equity investment, it may be impossible (in the event of trading halts or daily price fluctuation limits on the markets traded or otherwise) or expensive to liquidate positions against which the market is moving. Alternatively, it may not be possible in certain circumstances for a position to be initiated or liquidated promptly (in the event of insufficient trading activity in the relevant market or otherwise). Accordingly, the ability to respond to market movements may be impaired. These risks may be accentuated where it is required to liquidate positions to meet margin requests, margin calls, redemption requests or other funding requirements.

Some of the investment strategies may include short selling which involves agreeing to sell securities at a future date although, at the time of such agreement, the securities to be sold may, or may not, be owned by the seller. The seller may, at times, have to borrow securities of the same type for delivery to the purchaser, with an obligation on the seller to replace any such borrowed securities at a later date. Short selling allows the investor to profit from declines in market prices to the extent such declines exceed the transaction costs and any costs of

borrowing the securities. However, if the borrowed securities must be replaced by purchases at market prices in order to close out a short position, any appreciation in the price of the borrowed securities would result in a loss. Purchasing securities to close out a short position can itself cause the price of the securities to rise further, thereby exacerbating the loss. There can be no guarantee that securities necessary to cover a short position will be available for purchase. In addition, in some markets there are rules prohibiting short sales at a price below the last sale price, which may prevent the short sales from being executed at the most desirable time.

Investments in derivatives involve significant risks and may result in losses. The prices of futures contracts and derivative instruments are highly volatile. These prices are influenced by, among other things, interest rates, implied volatility, dividend yield, changing supply and demand relationships, trade, fiscal, monetary and exchange control programmes and political and economic events.

Forward contracts, unlike futures contracts, are not traded on exchanges and are not standardised. Forward and 'cash' trading is substantially unregulated; there is no limitation on daily price movements and speculative position limits are not applicable. The principals who deal in the forward markets are not required to continue to make markets in the currencies or commodities they trade, and these markets can experience periods of illiquidity, sometimes of significant duration. Disruptions can occur in any market traded due to unusually high trading volume, political intervention or other factors.

#### *Credit Risk*

Subscription amounts paid by Participants prior to the relevant Subscription Date, which are invested into Investee Funds prior to such Subscription Date, may be viewed by the courts as being Fund Assets. In the event of the Fund becoming insolvent prior to the relevant Subscription Date, such subscription amounts would be at risk with all other Fund Assets.

#### *Cash Management*

Investee Funds may enter into arrangements by which cash not required for trading purposes will be managed by the investment managers. Such arrangements may include the entry into of repurchase or reverse repurchase transactions and other cash management arrangements, including holding cash in bank accounts or secured or unsecured deposits, or investing such cash in corporate or government bonds, or such other instruments as deemed appropriate by the investment manager.

A repurchase transaction involves the sale of securities by a seller to a buyer for a purchase price, and an agreement for the seller to repurchase such securities on a mutually agreed future date for the same purchase price, plus interest at a negotiated rate. From the perspective of the buyer, the transaction is referred to as a reverse repurchase transaction, and involves buying securities against payment of a cash price, with the buyer agreeing to resell the securities at a future date, and the original seller agreeing to repurchase such securities at the same price, plus interest at a negotiated rate. Such transactions are economically equivalent to a cash loan collateralised by the securities.

The use of repurchase and reverse repurchase agreements involves certain risks. For example, if the seller of securities under a reverse repurchase transaction defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Investee Funds seek to dispose of such securities, which action could involve costs or delays. The Investee Funds may suffer a loss to the extent that the proceeds from the disposal of the underlying securities are less than the repurchase price due from the defaulting seller.

#### *Discretion of Investment Managers; Strategies, Instruments and Techniques*

The investment managers have discretion in the types of financial instruments which they may trade and have the right to modify the trading strategies, instruments or hedging techniques. Any of these new trading techniques may not be thoroughly tested in the market before being employed and may have operational or theoretical shortcomings which could result in unsuccessful trades and, ultimately, losses to the companies. In addition, any new investment strategy, choice of instruments or hedging technique may be more speculative than earlier techniques and may increase the risk of an investment.

#### **4.4 Risks Relating to the Fund Manager**

Due to the insolvency, negligence or fraudulent actions of the Fund Manager, its officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline.

#### **4.5 Risks Relating to the Legal Owner, the Depositary and the Custodian**

Due to the insolvency, negligence or fraudulent actions of the Legal Owner, the Depositary and/or the Custodian, their officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline and the Fund Assets may be lost.

#### **4.6 Risks Relating to Conflicts of Interests**

##### *Other Clients*

The Fund Manager and/or Affiliates of the Fund Manager may or will manage or advise clients other than the Fund. There can be no assurance that such services do not conflict with the interests of the Fund. Although the Fund Manager and the Legal Owner intend to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund Manager's conflicts of interests policy, there can be no assurance that such conflicts of interest may be resolved in the best interests of the Fund should they arise.

##### *Transactions with the Fund Manager and its Affiliates*

The Fund Manager and its Affiliates may engage in certain related party transactions with the Fund. The Fund Manager and/or the Affiliates of the Fund Manager concerned will in such cases expect to receive a certain transaction consideration. Although the Fund Manager intends to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund Manager's conflicts of interests policy, such arrangements could present incentives for the Fund Manager and its Affiliates adverse to the interests of the Fund.

##### *Diverse Participants*

Participants may have conflicting investment, tax and other interests with respect to their investments in the Fund. The conflicting interests may relate to, among other things, the nature of Fund Assets, the structuring of Fund Assets and the timing of disposition of Fund Assets. As a consequence, conflicts of interest may arise in connection with decisions made by the Fund Manager that may be more beneficial for one Participant than for another Participant, especially with respect to Participant's individual tax situations. The Fund Manager will consider the investment, tax and other interests of the Fund and its Participants as a whole, not the investment, tax or other interests of any Participant individually.

*The foregoing factors are not exhaustive and do not purport to be a complete explanation of all the risks and considerations involved in investing in the Fund. In particular, the Fund's performance may be affected by changes in market conditions, and legal, regulatory and tax requirements. The Fund will be responsible for paying the fees, charges and expenses referred to in this document regardless of the level of profitability.*

*Potential Participants who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment.*

## 5 LEGAL AND REGULATORY STRUCTURE OF THE FUND

### 5.1 Legal Structure of the Fund

#### 5.1.1 *Legal Form*

The Fund is an open end investment fund (*beleggingsfonds*) as referred to in article 1:1 FSA and a fund for joint account (*fonds voor gemene rekening*) organised and established under the laws of the Netherlands.

Under the laws of the Netherlands, the Fund is neither a legal entity (*rechtspersoon*) nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma* or *commanditaire vennootschap*), but a contractual arrangement sui generis between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. In view of its legal form of fund for joint account the Fund is not eligible for registration in the Trade Register.

The Fund's office address is that of the Fund Manager, being Gustav Mahlerplein 3, 26th floor, Financial Offices, 1082 MS Amsterdam, the Netherlands.

The Fund is managed by the Fund Manager. The Participants have no proprietary rights with respect to the assets of the Fund. The Legal Owner is the legal owner of all assets of the Fund. The Legal Owner will acquire and hold the assets for the purpose of management and custody (*ten titel van beheer en bewaring*) on behalf of and for the account of the Participants. Such interest of the Participants is represented by the Participations held by each of them.

The Legal Owner granted a power of attorney to the Fund Manager under the Terms and Conditions to manage (*beheren*) the Fund Assets in accordance with the Terms and Conditions.

#### 5.1.2 *Establishment, Term and Termination of the Fund*

The Fund is established as of the first issue of a Participation and shall continue to exist for an indeterminate period of time. The Fund shall terminate upon the occurrence of any of the events set forth in Article 24.1 of the Terms and Conditions.

#### 5.1.3 *Classes of Participations*

All Participants shall be treated fairly by the Fund Manager. The Fund shall have three (3) classes of Participations, each denominated in USD and EUR:

USD - Class A;

USD - Class B;

USD - Class C;

EUR - Class A;

EUR - Class B; and

EUR - Class C.

All Classes provide exposure to the same Fund Objective and Investment Strategy. The sole difference between the different Classes is that:

- the holders of Class A Participations will pay a lower Management Fee, due to the fact that the Delegate will waive its delegation fee that is payable out of the Management Fee for this Class. Only investors that are a client of the Delegate shall be issued Class A Participations against each such Participant's individual subscription;
- the holders of Class C Participations will pay no Management Fee, due to the fact that both the Delegate and the Fund Manager will waive, respectively, the delegation fee payable out of the Management Fee and the Management Fee for this Class. Only Global Allocation Fund as a Participant shall be issued Class C Participations against Global Allocation Fund's subscription; and
- other Participants subscribing will be issued Class B Participations, unless otherwise determined by the Fund Manager in its sole discretion.

The holders of Class A Participations at any time wishing to increase their subscriptions, shall be issued Class A Participations. The holders of Class C Participations at any time wishing to increase their subscriptions, shall be issued Class C Participations.

There are no specific legal or economic links between the Fund or the Fund Manager on the one hand, and Participants subscribing for Class A Participations or Class B Participations on the other hand.

With respect to Class C Participations, there is an economic link between the Fund Manager on the one hand and Global Allocation Fund subscribing for Class C Participations on the other hand because the Fund Manager of the Fund is also the fund manager of Global Allocation Fund.

Each Participation belonging to a specific Class, with respect to the other Participations of such Class, represents an equal interest in the Net Asset Value without priority or preference of one over the other.

#### 5.1.4 **Liquidation**

Upon termination of the Fund, no further business shall be conducted except for such action necessary for the winding up of the affairs of the Fund. A liquidation report shall be prepared in connection with the liquidation. The balance left after the liquidation shall be paid in cash to the Participants (pro rata to the numbers of Participations held by them, against cancellation of these Participations).

#### 5.1.5 **Key Fund Documents, Governing Law and Jurisdiction**

The key documents governing the Fund (the "**Fund Documents**") are:

- a) the Terms and Conditions;
- b) this Prospectus; and
- c) the Subscription Form.

The Fund Documents will be governed by Dutch law. The competent court in Amsterdam, the Netherlands will have exclusive jurisdiction to settle any claims, actions or disputes arising out or in connection with the Fund Documents (subject to appeal as provided by law).

A final judgment obtained in a court of any Member State of the European Union and which is enforceable in such Member State will be recognized and enforced by the courts of the Netherlands without re-trial or re-examination of the merits:

- a) on the basis of and subject to the limitations imposed by Regulation (EU) No 1215/2012 on Jurisdiction and the Recognition and Enforcement of Judgments in Civil and Commercial Matters of 12 December 2012 (as amended); and
  - b) subject to the limitations imposed by Regulation (EC) No 805/2004 creating a European Enforcement Order for Uncontested Claims of 21 April 2004 (as amended),
- and the rules and regulations promulgated pursuant thereto.

#### **5.1.6 *Amendment of the Prospectus and the Terms and Conditions***

The Terms and Conditions and this Prospectus may be amended pursuant to a joint resolution of the Legal Owner and the Fund Manager.

A proposed amendment to the Terms and Conditions or this Prospectus shall be published on the Website. In addition, an explanation to the proposed amendments will be published on the Website.

Notice of amendments made will also be made on the Website. In addition, an explanation to the amendments will be published on the Website.

An amendment of the Prospectus or the Terms and Conditions causing a reduction in Participants' rights or security, imposing costs on the Participants or causing a change to the Investment Strategy does not become effective in relation to the Participants until one (1) month following the date on which such notification has been published on the Website. Participants have the right to redeem their Participations within this period following the date on which such notification has been disclosed.

## **5.2 Regulatory Position of the Fund and Supervision**

### **5.2.1 *Existing position***

The Fund Manager is in possession of an AFM license as referred to in article 2:65(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation

schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

#### **5.2.2 *Regulatory changes***

The regulatory environment for investment funds continues to evolve. In the light hereof, during the existence of the Fund, additional and/or amended legislation and regulations affecting the Fund, the Fund Manager, the Legal Owner, the Depositary and the Administrator may come into force.

The Legal Owner and the Fund Manager may amend the Fund Documents if the Legal Owner and the Fund Manager reasonably determine that a regulatory change has a material adverse effect on the Fund and/or the Legal Owner and/or the Fund Manager, such that: (i) the material adverse effect of the applicable change is removed or mitigated; and (ii) the Fund shall bear its reasonable allocable portion of the costs in relation to the implementation of and compliance with the change (it being understood such allocation is in principle determined on the basis of the number of funds managed by the Fund Manager that fall within the scope of such change).

#### **5.2.3 *Professional liability risks***

To cover potential professional liability risks resulting from activities the Fund Manager carries out with respect to the Fund, the Fund Manager holds a professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered.

## 7 ADMISSION TO THE FUND AND SUBSCRIPTIONS

### 7.1 Subscriptions

#### 7.1.1 *Conditions*

On any Subscription Date, provided the requirements of the Terms and Conditions have been met, the Fund Manager may, at its sole discretion, issue Participations at the request of a new or existing Participant set forth in a Subscription Form. The Participations shall be issued in Amsterdam, the Netherlands.

#### 7.1.2 *In-kind Contributions*

If so requested by the subscriber in its Subscription Form, the Fund Manager may at its sole discretion agree that the Participations subscribed for by the subscriber and accepted by the Fund Manager will be paid-up in kind, as valued based on the valuation principles of the Fund.

#### 7.1.3 *Subscription Price and Subscription Costs*

The Subscription Price of a Participation is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date. The Total Subscription Price is the applicable Subscription Price multiplied by the number of issued Participations. The minimum subscription amount per Participant is one hundred thousand U.S. Dollars (USD 100,000) (for the USD classes of Participations) or one hundred thousand Euros (EUR 100,000) (for the EUR classes of Participations). This minimum subscription requirement may be waived by the Fund Manager in its sole discretion.

Up to and including the Closing Date, Participations are offered at a price of one hundred U.S. Dollars (USD 100) per Participation. After the Closing Date, the Participations are offered at a price based on Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date.

In order to determine the Total Subscription Amount, the Total Subscription Price might be increased by a surcharge equal to the amount of the subscription surcharge levied at the level of the relevant Investee Fund (the “**Investee Fund Surcharge**”), in the event a subscription surcharge is levied at the level of the relevant Investee Fund.

In case a Participant has paid an amount exceeding the Total Subscription Amount, this amount will be repaid to the Participant to the same account from which such proceeds were originally debited.

The Investee Fund Surcharge serves to compensate the Fund for the subscription surcharge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

#### 7.1.4 **Procedure**

Applications for Participations must be made by submitting a duly signed and completed Subscription Form to the Administrator at least ten (10) Business Days before the relevant Subscription Date as per which the applicant wishes to receive Participations.

Payment of the Total Subscription Amount must be received in USD or EUR, as applicable, in the bank account of the Legal Owner as specified in the Subscription Form at least ten (10) Business Days before the relevant Subscription Date as per which the applicant wishes to receive Participations (please refer to the Subscription Form for further payment details and instructions).

The Total Subscription Amount will either be denominated in USD or EUR, as applicable.

If either: (i) the signed and completed Subscription Form; or (ii) the Total Subscription Amount has not been received timely, no Participations will be issued and the application shall be retained until the next Subscription Date (for the avoidance of doubt, no interest shall be due). In that case, the Net Asset Value per Participation on that Subscription Date shall be the basis for the determination of the Subscription Price for any Participations issued as per that Subscription Date, subject to receipt of (i) and (ii) above.

The Fund Manager may decide, at its sole discretion, to: (i) accept Subscription Forms which are not received timely (but not later than on the Valuation Date immediately preceding the relevant Subscription Date); and (ii) accept an application for Participations in case of overdue payment, provided that the Total Subscription Amount has been received on the Business Day prior to the relevant Subscription Date.

The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion. When an application is rejected, the amount paid on application or the balance thereof (as the case may be) will be returned (without interest), as soon as practicable, to the same account from which such proceeds were originally debited.

Completed applications are irrevocable once the relevant Subscription Form has been received by the Administrator and the Total Subscription Amount has been received in the bank account of the Legal Owner. Upon issuance of the Participations in satisfaction of an application, the Administrator will confirm the number and value of the Participations so issued. The Participations subscribed to prior to the Closing Date were issued on the Closing Date.

## 7.2 **Participant Representations and Warranties and Prevention of Money Laundering**

### 7.2.1 **Representations and Warranties**

The Subscription Form requires each applicant for Participations to make certain representations and warranties to the Legal Owner and the Fund Manager.

Persons subscribing on behalf of others, such as nominees, securities giro's and feeder and custody entities, will need to represent to the Fund Manager and the Legal Owner in

an addendum to the Subscription Form certain additional representations, including but not limited to compliance with know your customer (KYC) and anti-money laundering (AML) rules.

#### **7.2.2 Prevention of Money Laundering and Financing of Terrorism**

Measures aimed at the prevention of money laundering and financing of terrorism will require each applicant for Participations to evidence its identity to the Administrator (“KYC requirements”). The procedure used by the Administrator is stated in the Subscription Form and is compliant with the Wwft.

The Administrator reserves the right to request such other information as is necessary to verify the identity of an applicant. Pending the provision of evidence satisfactory to the Administrator as to the identity, the evidence of title in respect of interests may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as mentioned above, the Fund Manager may, in its absolute discretion, refuse to allot the Participations applied for in which event the subscription proceeds will be returned without interest and/or less any other costs incurred by the Fund relating to the transaction of the applicant to the account from which such proceeds were originally debited.

In the event that changes in KYC Requirements occur either in policy or in legislation after an investor’s have been allotted, investors will be obliged to provide additional KYC documentation to satisfy such changed requirements within a reasonable period of time following a request for such additional documentation. Any investor who does not or cannot provide the additional KYC documentation may be forcibly redeemed from the Fund in accordance with the mandatory redemption provisions as set forth in the Terms and Conditions.

Investors should be aware that the Total Subscription Amount will be at risk once it has been invested in the Fund. An investor's failure to comply with applicable KYC Requirements may result in the return of an amount lower than the Total Subscription Amount.

## 8 TRANSFER AND REDEMPTION OF PARTICIPATIONS

### 8.1 Introduction

Participations are not listed on a regulated stock exchange nor does the intention exist to apply for such listing in the foreseeable future. No developed unregulated market for Participations exists and no party has been instructed by the Fund or the Fund Manager to maintain a market for Participations. A transfer of Participations is not possible (other than as described in Section 8.2 of this Prospectus). Though the Fund is in principle obliged to redeem Participations at the request of a Participant, the Fund will under circumstances not be able and/or not obliged to do so.

Participations therefore might be a less liquid investment as expected by a Participant and (prospective) Participants should take into account that under circumstances they cannot liquidate such numbers of their Participations at such moments as they intend to.

### 8.2 Transfer of Participations

A Participant cannot transfer its Participations, except if such Participations are transferred to relatives in the straight line (a “**Permitted Transfer**”). Any such Permitted Transfer requires the prior written approval of the Fund Manager. For the avoidance of doubt, in case a Participant holds Participations for a beneficial owner pursuant to a custody relationship between such Participant and the beneficial owner, a change of custodian by such beneficial owner shall be subject to a prior approval of the Fund Manager, but shall not be deemed a transfer for the purpose of the transfer restrictions under this Prospectus and the Terms and Conditions.

### 8.3 Redemption of Participations at the Request of a Participant

On any Redemption Date, provided the requirements of the Terms and Conditions have been met and redemption of Participations is not suspended in accordance with Section 8.3.3 of this Prospectus, the Fund Manager will redeem Participations at the request of a Participant sent in writing to the Administrator.

The Fund Assets, including, for the avoidance of doubt, any bridge financing, will be sufficiently liquid to, under normal circumstances, allow the Fund to redeem Participations as requested by its Participants for at least ten per cent. (10%) of the assets managed.

#### 8.3.1 *Redemption Price and Costs of Redemption*

The Redemption Price of a Participation is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Redemption Date. The Total Redemption Price is the applicable redemption price multiplied by the number of redeemed Participations.

In order to determine the Total Redemption Amount, the Total Redemption Price might be reduced by a discount equal to the amount of the redemption charge levied at the level of the relevant Investee Fund (the “**Investee Fund Discount**”), in the event a redemption charge is levied at the level of the relevant Investee Fund.

The Investee Fund Discount serves to compensate the Fund for the redemption charge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

### **8.3.2 Procedure**

Applications for the redemption of Participations should be submitted to the Administrator by means of a duly signed Redemption Notice specifying the details of the redemption at least one (1) month before the relevant Redemption Date. Redemption Notices are irrevocable once received by the Administrator.

If the Redemption Notice has not been received timely, the application shall be retained until the next Redemption Date. In that case, the Net Asset Value per Participation as at the Valuation Date immediately preceding that next Redemption Date shall be the basis for the determination of the Redemption Price for any Participations redeemed as per that Redemption Date.

The Fund Manager may decide, at its sole discretion, to accept Redemption Notices which are not received timely (but not later than on the relevant Redemption Date).

The Total Redemption Amount will normally be paid to the redeeming Participant within five (5) Business Days after the release of the Net Asset Value of the applicable Redemption Date, provided that: (i) the Administrator has received the KYC Requirements; and (ii) the Fund has received the redemption proceeds from the relevant Investee Fund, unless exceptional circumstances occur, in which case the consideration will be paid at the earliest possible Business Day thereafter.

In the case the Administrator has not received all the requested KYC Requirements, even though the redemption request will be processed, redemption proceeds will be held in the name of the redeeming Participant at the Fund's bank account without any interest accruing in favour of the Participant and the Participant will bear all associated risks until such time as the Administrator receives the outstanding KYC Requirements.

### **8.3.3 Suspension of Redemption**

The Fund Manager may suspend the redemption of Participations if:

- a) the determination of the Net Asset Value has been suspended (see Section 10.2.2 of this Prospectus);
- b) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants;
- c) the Participant did not act in compliance with applicable legislation or these Terms and Conditions;
- d) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or
- e) for whatever reason, the redemption of the Investee Funds Interests is suspended at the level of the relevant Investee Fund, as applicable.

#### **8.4 Mandatory Redemption of Participations**

The Fund Manager and the Legal Owner shall under certain extraordinary circumstances as set forth in the Terms and Conditions and with due regard to the general provisions and conditions relating to redemption of Participations be entitled to redeem all (but not part of) the Participations of any Participant.

In the case the Administrator has not received all the requested KYC Requirements, even though the redemption request will be processed, redemption proceeds will be held in the name of the redeeming Participant at the Fund's bank account without any interest accruing in favour of the Participant and the Participant will bear all associated risks until such time as the Administrator receives the outstanding KYC Requirements.

## 9 COSTS AND EXPENSES

### 9.1 Introduction

In this Section 9 all costs and expenses related to the organisation, management and transactions of the Fund which will be paid by or charged to the Fund and accordingly result in a reduction of the Fund's Net Asset Value are described.

This Section 9 does not refer to costs and fees charged to the Participants by the Fund upon a subscription for or redemption of Participations (for these costs and fees see Sections 7 and 8 of this Prospectus) or by their own service providers in connection with an envisaged investment in or divestment from the Fund (like fees and costs charged to a Participant by its advisors, banks or brokers).

All costs referred to in this Section 9 will be allocated to the period to which they relate. Unless indicated otherwise, all costs will be brought at the charge of the Fund's profit and loss account.

All amounts and percentages mentioned in this Section 9 are exclusive of VAT, if due. Under present legislation, the Fund cannot deduct VAT charged to the Fund.

### 9.2 Cost Categories

#### 9.2.1 *Transaction costs*

All transaction costs shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account.

The Fund Manager will select transactional service providers on the basis of various considerations, like quality, promptness of performance of services and fee rates. Fee rates may not exceed market standard rates. The total amount of transaction costs from time to time is variable and depends on the number and size of transactions and applicable rates.

#### 9.2.2 *Fund Operational Costs*

Fund operational costs inter alia include, but are not limited to all costs of legal, tax, administrative, accounting, audit, reporting, legal ownership and similar services and advices provided to the Fund and all costs of communications with and meetings of the Participants and the regulatory costs related to the supervision by the AFM and DNB. All operational costs shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account.

The Fund will pay to the Legal Owner in remuneration of its service to the Fund, limited to the holding of the legal ownership of Fund Assets. The remuneration consists of an annual fixed fee of three thousand and five hundred Euros (EUR 3,500) and a variable remuneration of zero point zero one two five per cent. (0.0125%) of the Net Asset Value

(i.e. one point twenty five (1.25) basis points). This is subject to a maximum of six thousand and five hundred (EUR 6,500) Euros per annum.

The Fund will pay to the Depositary in remuneration of its service to the Fund, limited to AIFMD depositary duties, an annual fee equal to zero point zero one four per cent. (0.014%) of the Net Asset Value (i.e. one point four (1.4) basis points), subject to a minimum of sixteen thousand five hundred Euros (EUR 16,500) (excluding VAT and office surcharge).

The Fund will pay the Administrator in remuneration for its services to the Fund, an annual fee equal to zero point zero four per cent. (0.04%) of the Net Asset Value (i.e. four (4) basis points) as of the last calendar day of each month, subject to an annual minimum fee of twenty thousand Euros (EUR 20,000) (excluding VAT), and five thousand Euros (EUR 5,000) for preparing (semi-) annual statements. For FATCA related services the Administrator will charge the Fund an annual fixed fee of nine thousand two hundred Euros (EUR 9,200).

The Fund will pay to the Auditor in remuneration of its service to the Fund, an estimated fee equal to fourteen thousand three hundred Euros (EUR 14,900) (excluding VAT) and a fee estimated at two thousand five hundred Euros (EUR 2,500) (excluding VAT) for the auditor's assurance report included in Section 14 of this Prospectus.

The Fund will bear all taxes, as applicable.

### 9.2.3 **Management Fee**

The Fund Manager is entitled to an annual Management Fee equal to

- a) zero point zero nine per cent (0.09%) of the Net Asset Value (i.e. nine (9) basis points) of the Class A Participations;
- b) one point zero nine per cent. (1.09%) of the Net Asset Value (i.e. one hundred and nine (109) basis points) of the Class B Participations; and
- c) zero per cent. (0%) of the Net Asset Value (i.e. zero (0) basis points) of the Class C Participations,

excluding (i.e. before deduction of) the Management Fee, as at the last Business Day of each calendar month, payable monthly in arrears out of the Fund Assets. Any changes to the Management Fee are subject to the prior approval of the Fund Manager and the Legal Owner.

For the avoidance of doubt the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.

#### 9.2.4 **Delegation Fee**

The Delegate is entitled to an annual delegation fee payable by the Fund Manager out of the Management Fee received by it on Class B Participations. The annual delegation fee equals one per cent. (1%) (i.e. one hundred (100) basis points) of the Net Asset Value of the Class B Participations. The Delegate shall waive its right to receive delegation fee with respect to the Class A Participations and the Class C Participations, in order to avoid payment of double fees by the holders of Class A Participations and the Class C Participations since they are already (directly or indirectly) clients of the Delegate. No delegation fees are borne directly by the Fund. This fee arrangement will be reviewed on an annual basis to determine if the agreed fee split between the Fund Manager and the Delegate is still mutually agreeable. As a result the fee arrangement might be amended. In this case a new agreement will be executed, the relevant provision in the Delegation Agreement will be amended and the AFM will be informed of such amendment.

#### 9.2.5 **Custody Fee**

The Custodian is entitled to an annual custody fee of zero point zero three five per cent. (0.035%) of the Net Asset Value (i.e. three point five (3.5) basis points).

#### 9.2.6 **Regulatory Costs**

The regulatory costs related to the supervision by the AFM and DNB are estimated at ten thousand Euros (EUR 10,000) per annum.

#### 9.2.7 **Organisational Expenses**

The Fund Manager shall charge the organisational and establishment costs (other than the costs otherwise described in this Prospectus) to the Fund Assets. Expenses in connection with the establishment of the Fund and organisational costs of the Fund, will be paid out of the Fund Assets, including (but not limited to) legal, accounting and tax advisory fees, incorporation expenses and travel costs.

Establishment costs (set-up costs) amounted to forty four thousand six hundred and fifty Euros (EUR 44,650) as reimbursement for the costs charged to the Fund Manager in connection with the formation of the Fund, including legal and tax advisory fees and regulatory costs and assurance report costs, which are activated and written off over a period of five (5) years.

#### 9.2.8 **Costs Related to Investments in Investee Funds**

Costs related to investments in Investee Funds include the subscription price for Investee Funds Interests.

In respect of the Investee Funds, a management fee up to three per cent. (3%) per annum may be charged at the level of such Investee Funds and a performance fee up to thirty per cent. (30%).

In addition, the following fixed and variable fees and costs may be charged at the level of the Investee Funds: custodian and administrative fees, advisory fees, organizational

expenses, agency fees, transaction costs, operational costs, secretarial services fee, accounting fees, etc. In implementing the investment strategies, allocations may be made by a number of methods, including investment funds, managed accounts and other investment vehicles. Accordingly, further fees and expenses are likely to be incurred at the level of such investment funds, managed accounts and other investment vehicles.

Subscription price for Investee Funds Interests shall be borne by the Fund and be brought at the charge of the Fund's profit and loss account. Other costs related to investments in Investee Funds shall be paid out of such relevant Investee Fund's assets.

#### 9.2.9 **OCF**

The OCF will be calculated at the end of each financial year and published annually in the Fund's annual reports.

The below table illustrates the projected OCF of the Fund based on assets under management of one hundred and forty million U.S. Dollars (USD 140,000,000).

## **10 VALUATION, REPORTING AND INFORMATION DISCLOSURE**

### **10.1 Valuation Principles**

The Fund Manager shall value the Fund Assets and Fund Obligations in accordance with Dutch GAAP and, where more specific, certain valuation methods set forth in the Terms and Conditions and the Pricing Policy, whilst Dutch GAAP will prevail for financial reporting purposes should there be a conflict amongst them.

The Investee Funds Interests shall be valued on the basis of the latest available valuation of Investee Funds Interests provided by the administrators of the relevant Investee Funds, as further set forth in the Terms and Conditions. The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. To ensure valuations received from administrators of the Investee Funds are appropriate, valuations are reviewed by the Fund Manager and the Administrator, based on the previous valuation received and other relevant information. Valuations that deviate materially from the previous valuation are further analysed and if needed discussed with the manager or administrator of the relevant Investee Fund.

### **10.2 Reporting to Participants**

#### **10.2.1 *Financial year***

The financial year of the Fund shall begin on the first day of January and end on the thirty first day of December of the next calendar year. The first financial year of the Fund began on the Closing Date and ended on the thirty first day of December 2015.

#### **10.2.2 *Reporting on Net Asset Value***

Subject to certain exception grounds set forth in the Terms and Conditions, the Fund Manager shall as per last calendar day of each month determine the Net Asset Value and the Net Asset Value per Participation. The Net Asset Value shall be expressed either in USD or EUR, as applicable, and be determined in accordance with the Fund's valuation principles referred to above.

The Fund Manager has delegated the determination of the Net Asset Value and the Net Asset Value per Participation to the Administrator. In determining the Net Asset Value of the Fund and the Net Asset Value per Participation, the Administrator will follow the valuation policies and procedures adopted by the Fund as set out above.

The Fund Manager may declare a suspension of the determination of the Net Asset Value and the Net Asset Value per Participation if:

- a) one or more stock exchanges on which Fund Assets are listed (or on which securities which belong to the assets of a collective investment scheme in which the Fund is invested are listed directly or indirectly), are closed on other days than normal days of closure or if the transactions on these exchanges are suspended or subject to irregular restrictions;
- b) the communication means or calculation facilities normally used to determine the Net Asset Value no longer function or if, for any other reason, the value of a Fund

Asset or Fund Obligation, cannot be determined with the speed or accuracy desired by the Fund Manager;

- c) there are factors relating to the political, economic, military or monetary situation that make it impossible for the Fund Manager to determine the Net Asset Value; or
- d) a resolution to liquidate the Fund is passed; or
- e) the management board of an Investee Fund suspends the determination of the net asset value of the relevant Investee Funds Interests, as applicable.

When the Fund Manager is unable to determine the Net Asset Value and the Net Asset Value per Participation, the Participants will be informed hereof.

In case of errors in the calculation of the Net Asset Value, the Fund Manager will as soon as possible prepare a report on the errors that were made and which correction will need to be made to the Net Asset Value. If a correction is required of more than zero point five per cent. (0.5%) of the Net Asset Value, and a Participant incurred a loss by an allocation or redemption against the erroneously calculated Net Asset Value, the Fund will at the request of such Participant provide compensation (in cash or in Participations) for the relevant Participant for the actual loss incurred. The compensation will be paid out of the Fund Assets.

#### **10.2.3 Monthly reporting**

Within fifteen (15) Business Days after the end of each calendar month, the Fund Manager shall prepare a monthly report stating the total value of the Fund Assets, the Fund's asset mix, the number of outstanding Participations per Class and the most recently calculated Net Asset Value per Participation and the date on which the calculation was made. The monthly report shall be published on the Website and is available for Participants free of charge at the offices of the Fund Manager.

#### **10.2.4 Annual Reporting**

Within six (6) months after the end of each financial year of the Fund, Fund Manager shall, in accordance with the applicable legal requirements, prepare and publish the Fund's annual accounts (consisting of at least a balance sheet, profit and loss account and explanatory notes), annual report and other information for such financial year.

The annual accounts shall be drawn up in accordance with the applicable provisions of title 9 of Book 2 of the Civil Code and published on the Website.

The Fund Manager will provide the Participants upon request and free of charge with copies of the annual accounts and the annual report, notwithstanding their compliance with other publication requirements under applicable laws.

#### **10.2.5 Other Information**

The license provided to the Fund Manager pursuant to article 2:65 FSA and the Terms and Conditions shall be available for inspection at the offices of the Fund Manager. A copy of the Terms and Conditions shall be provided by the Fund Manager upon request free of charge and shall be published on the Website. A copy of the Fund Manager's

license and the Depositary Agreement shall be provided by the Fund Manager upon request at cost price.

Information regarding the Fund Manager, the Legal Owner and the Depositary from the Trade Register shall be provided by the Fund Manager upon request at cost price.

#### **10.2.6 Information Regarding Investee Funds**

The Fund Manager, the Legal Owner and/or the Custodian, shall on behalf of the Fund in its capacity of the holder of the legal ownership of Investee Funds Interests, be entitled to receive and/or inspect documents which Investee Funds shall make available for the holders of interests in such Investee Funds.

The Fund Manager may upon request and with the prior consent of the investment manager of the relevant Investee Fund provide certain information related to the Investee Funds to which twenty per cent. (20%) or more of the assets of the Fund are allocated to Participants at cost price.

#### **10.2.7 Historical Performance, Latest Annual Report and Net Asset Value of the Fund**

The historical performance of the Fund, the latest Net Asset Value and the latest annual report of the Fund as at the date of this Prospectus shall be published on the Website.

### **10.3 Liquidity Risk Reporting**

As and when relevant, but at least on a monthly basis, the Fund Manager shall periodically disclose to the Participants by e-mail:

- a) the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature;
- b) any new arrangements for managing the liquidity of the Fund; and
- c) the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

### **10.4 Tax Reporting**

#### **10.4.1 FATCA**

Under FATCA, the United States will impose a withholding tax of thirty per cent. (30%) on certain United States sourced gross amounts not effectively connected with a United States trade or business paid to certain “*Foreign Financial Institutions*”, including the Fund, unless some information reporting requirements are complied with.

The Fund will use reasonable efforts to satisfy any obligations imposed on it in order to avoid the imposition of this withholding tax (except with respect to the interest of “*recalcitrant account holders*” as described in §1.1471-5(g)(2) of FATCA. A fund’s ability to satisfy its obligations under an agreement with the IRS will depend on each participant of such fund providing the fund with any information, including information concerning the direct or indirect owners of such participant, that the fund determines is necessary to satisfy such obligations. Any such information provided to a fund will be shared either

with the local tax authority or the IRS, depending on the Model of the Intergovernmental Agreement. An investment fund that is classified as subject to FATCA requirements will be required to register with the IRS and obtain a Global Intermediary Identification Number (*GIIN*) and agree to have policies and procedures in place to identify certain direct and indirect U.S. account holders or equity holders. For these purposes the Fund would fall within the definition of a foreign financial institution (*FFI*) for the purpose of FATCA.

Each prospective Participant agrees by signing the Subscription Form to provide such information upon request from the Fund Manager or the Administrator. If a fund fails to satisfy such obligations or if a participant of a fund fails to provide the necessary information to such fund, as applicable, payments of U.S. source income and payments of proceeds will generally be subject to a thirty per cent. (30%) withholding tax.

The Fund may exercise its right to completely redeem a participant that fails to provide the Fund or the Administrator with the requested information in order for the Fund to satisfy its FATCA obligations, and the Fund may take any other action deemed necessary in relation to a participant's shares or redemption proceeds to ensure that such withholding is eventually borne by the relevant participant whose failure to provide the necessary information gave rise to the withholding tax. Each prospective Participant in the Fund should consult their own tax advisor regarding the requirements under FATCA with respect to their own situation.

The Fund will endeavor to satisfy the requirements imposed on the Fund by FATCA to avoid the imposition of FATCA withholding tax. However, there can be no guarantee or assurance that the Fund will comply with all the requirements imposed by FATCA. In the event that the Fund is not able to comply with the requirements imposed by FATCA and the Fund does suffer United States withholding tax on its investments as a result of non-compliance, the Net Asset Value may be affected and the Fund may suffer loss as a result.

#### **10.4.2 *The Common Reporting Standard***

The Netherlands is one of multiple jurisdictions which have agreed to the automatic exchange of financial account information on the basis of the standard published by the Organisation for Economic Co-operation and Development ("**CRS**"). Financial institutions resident in jurisdictions which have agreed to the CRS, should report certain account holder information to their local tax authorities who will then exchange such information with countries where account holders are tax residents. It can provide timely information on non-compliance where tax has been evaded, particularly where tax administrations have had no previous indications of non-compliance.

For the purposes of efficiency, the CRS was deliberately built on the framework of FATCA and replicates many of its principles, although there is no withholding tax regime or requirement for reporting financial institutions to register with Foreign Tax Authorities (as defined below). Furthermore, certain CRS client classification, due-diligence and reporting requirements differ from or are more expansive to those deriving from FATCA. Further inter-governmental agreements will therefore be entered into with other third

countries by the Dutch government from time to time to enable reporting to such third countries' tax authorities ("**Foreign Tax Authorities**") as provided in the CRS.

By investing or continuing to invest in the Fund, Participants shall be deemed to acknowledge that:

- a) the Fund is considered to be a reporting financial institution under the CRS and the Fund (or its agent) will be required to disclose to the competent tax authority of the Netherlands certain confidential information in relation to the Participant, including but not limited to the Participant's name, address, tax identification number (if any), social security number (if any) and certain information relating to the Participant's investment;
- b) the competent tax authority of the Netherlands will be required to automatically exchange information as outlined above with the Foreign Tax Authorities;
- c) the Fund (or its agent) will be required to disclose to the Foreign Tax Authorities certain confidential information when registering with such authorities and if such authorities contact the Fund (or its agent directly) with further enquiries;
- d) the Fund may require the Participant to provide additional information and/or documentation which the Fund will be required to disclose to the competent tax authority of the Netherlands;
- e) in the event a Participant does not provide the requested information and/or documentation, whether or not that actually leads to breach of the applicable laws and regulations by the Fund, a risk for the Fund or the Fund's Participants being subject to withholding tax or penalties under the relevant legislative or inter-governmental regimes, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption or withdrawal of the Participant concerned;
- f) no Participant affected by any such action or remedy shall have any claim against the Fund (or its agent, including the Administrator) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Fund in order to comply with the CRS, any further inter-governmental agreements or any of the laws and regulations related to the CRS; and
- g) all information to be reported under CRS will be treated as confidential and such information shall not be disclosed to any persons other than the competent tax authority of the Netherlands and the Foreign Tax Authorities or as otherwise required by law.

Participants should ensure that their tax affairs are compliant with the laws and regulations applicable in their jurisdiction(s) of residence and/or citizenship (as applicable).

## **11 DISTRIBUTIONS**

### **11.1 Distributions Policy**

As primary Fund Objective of the Fund is to achieve capital growth, frequent and regular distributions of Net Proceeds (including profit distributions) by the Fund are not intended nor anticipated. However, the Fund Manager may, at its sole discretion and at any time, decide to distribute any Net Proceeds. It is expected that the Fund Manager will especially do so if the Fund Manager is of the opinion that there are no sufficient suitable investment opportunities to achieve the Fund Objectives. All distributions (including profit distributions) to the Participants will be made pro rata to the number of Participations held by each Participant.

Any distribution (including profit distributions) to the Participants, including the amount, composition and manner of payment, shall be published on the Website.

### **11.2 Form of Distributions**

Distributions of Net Proceeds will be made in cash, in USD in respect of Participations denominated in USD and in EUR in respect of Participations denominated in EUR, provided that the Administrator has received all requested KYC Requirements.

## **12 DUTCH TAXATION ASPECTS**

### **12.1 Introduction**

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a Participant, and does not purport to deal with the tax consequences applicable to all categories of Participants. The tax and other matters described in this Prospectus do not constitute, and should not be considered as, legal or tax advice to prospective Participants. Participants should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of the Participations.

### **12.2 Taxation of the Fund**

The Fund qualifies as a transparent or “closed” fund for joint account Dutch tax purposes, since, Participations can only be transferred to the Fund itself since according to the Terms and Conditions, except for Permitted Transfers, a transfer of Participations is not possible (reference is made to Article 17 of the Terms and Conditions) and Participations can only be redeemed by the Fund (i.e., on the basis of Article 15 of the Terms and Conditions).

Consequently, pursuant to article 2(2) CITA the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund’s results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

### **12.3 Withholding Taxes**

Distributions by the Fund are not subject to Dutch dividend withholding tax as a consequence of its transparency for tax purposes. Due to its transparency, the Fund itself is not entitled to any credit or refund of Dutch dividend withholding tax or (non-reclaimable) foreign withholding taxes withheld on dividends and interest received, nor can the Fund claim any benefits under a tax treaty concluded by the Netherlands with other states.

The tax transparency of the Fund also implies that any dividend withholding tax and foreign withholding taxes withheld on its investments are allocated to the Participants, i.e., on a pro rata basis. In principle, such withholding taxes may be set off by the Participants, whereby the conditions that apply are the same as would be the case for a direct investment (pro rata) by the relevant Participant.

Several countries<sup>1</sup> have confirmed that they will disregard a Dutch tax transparent mutual fund for withholding tax purposes.

---

<sup>1</sup> including Australia, Austria, Belgium, Denmark, Ethiopia, Germany, Norway, South Africa, Switzerland, Taiwan, the United Kingdom and the United States.

### **13 POLICY REGARDING VOTING RIGHTS AND VOTING CONDUCT INVESTEE FUNDS**

The Fund Manager shall on behalf of the Fund, in its capacity of the holder of Investee Funds Interests, attend the general meetings of shareholders/limited partners/members of the Investee Funds and any relevant sole class or category meetings and shall exercise the voting rights attached to such Investee Funds Interests while taking into account the Fund Objective.

## **14 ASSURANCE REPORT**

### **Assurance report of the independent auditor**

To: the fund manager of Multi Strategy Alternatives Fund

#### **Our opinion**

In accordance with Section 115x, subsection 1, under e, of the Besluit Gedragstoezicht financiële ondernemingen Wft (BGfo Wft, Decree on the Supervision of the Conduct of Financial Undertakings pursuant to the Act on Financial Supervision ), we have examined the prospectus of the fund manager of Multi Strategy Alternatives Fund, Amsterdam.

In our opinion the prospectus dated November 6, 2020 of Multi Strategy Alternatives Fund contains, in all material respects, at least the information required by or pursuant to the Wet op het financieel toezicht (Wft, Act on Financial Supervision) for a prospectus of an alternative investment fund.

#### **Basis for our opinion**

We performed our examination in accordance with Dutch law, including Dutch Standard 3000A, “Assurance-opdrachten anders dan opdrachten tot controle of beoordeling van historische financiële informatie (attest-opdrachten)” (Assurance engagements other than audits or reviews of historical financial information (attestation engagements)). This engagement is aimed to obtain reasonable assurance. Our responsibilities in this regard are further described in the Our responsibilities for the examination of the prospectus section of our report.

We are independent of Multi Strategy Alternatives Fund and Privium Fund Management B.V. in accordance with the Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence requirements in The Netherlands. Furthermore we have complied with the Verordening gedrags- en beroepsregels accountants (VGBA, Dutch Code of Ethics).

We believe that the assurance evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Relevant matters relating to the scope of our examination**

Our examination consists of verifying that the prospectus contains the required information, which means we did not examine the accuracy of the information included in the prospectus.

Furthermore, Dutch law does not require the auditor to perform additional assurance procedures with respect to Section 115x, subsection 1, under c, of the BGfo Wft. Pursuant to Section 115x, subsection 1 under c of the BGfo Wft, the prospectus of an alternative investment fund contains the information which investors need in order to form an opinion on the alternative investment fund and the costs and risks attached to it.

Our opinion is not modified in respect of these matters.

#### **Responsibilities of the manager for the prospectus**

The manager of the Multi Strategy Alternatives Fund is responsible for the preparation of the prospectus that contains at least the information required by or pursuant to the Wft for a prospectus of an alternative investment fund.

Furthermore, the fund manager is responsible for such internal control as it determines is necessary to enable the preparation of the prospectus that is free from material omission, whether due to error or fraud.

### **Our responsibilities for the examination of the prospectus**

Our responsibility is to plan and perform our examination in a manner that allows us to obtain sufficient and appropriate assurance evidence for our opinion.

Our examination has been performed with a high, but not absolute, level of assurance, which means we may not have detected all material omissions in the prospectus due to error and fraud.

We apply the “Nadere voorschriften kwaliteitssystemen” (NVKS, Regulations for Quality management systems) and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our examination included e.g.:

- Identifying and assessing the risks of material omissions of information required by or pursuant to the Wft in the prospectus, whether due to errors or fraud, designing and performing assurance procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material omission resulting from fraud is higher than for one resulting from errors, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtaining an understanding of internal control relevant to the examination in order to design assurance procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the manager of the alternative investment fund

The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.
- 2.4 The Fund is under Dutch law not a legal entity nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma or commanditaire vennootschap*), but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Participants.
- 2.5 These Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Participant (separately) originating from the execution of the Participant's Subscription Form.
- 2.6 These Terms and Conditions do not form an agreement between any or all Participants among themselves and are not (otherwise) aimed at any cooperation among or between any or all Participants and no provision of these Terms and Conditions shall constitute or be interpreted as constituting any right or obligation existing between any or all Participants *vis-à-vis* each other or as a cooperation agreement (*samenwerkingsovereenkomst*) between the Fund Manager, the Legal Owner and any of the Participants.

- 2.7 A Participant's obligation to pay a consideration for Participations is a commitment (*verbintenis*) to the Legal Owner (represented by the Fund Manager) only. This commitment is no contribution (*inbreng*) or commitment to make contribution to any partnership.
- 2.8 The Fund qualifies as a transparent or "closed" fund for joint account Dutch tax purposes, since Participations can only be transferred to the Fund itself (redeemed) since, except for Permitted Transfers, a transfer of Participations is not possible. Consequently, the Fund does not qualify as a taxable entity. Tax is therefore levied on the results and revenue of the investment at the level of the Participants and not at the level of the Fund itself. This implies that for Dutch tax purposes the Fund's results are directly allocated to the individual Participants in accordance with the size (and, if applicable, the duration) of their pro rata investment.

### **3 TERM**

The Fund is formed for an indefinite period of time but shall terminate upon the occurrence of any of the events set forth in Article 24.1.

### **4 FUND OBJECTIVE, INVESTMENT STRATEGY, INVESTMENT RESTRICTIONS**

- 4.1 The Fund's objective is to achieve long term capital growth.
- 4.2 To achieve this objective, the strategy of the Fund is to invest in a diversified portfolio of Investment Funds that are hedge funds established and managed worldwide. When selecting Investment Funds, the Fund Manager will focus on fund managers that manage at least one hundred million Euros (EUR 100,000,000) in the same strategy. The aim is to avoid illiquid strategies and illiquid Investment Funds.
- 4.3 The investments of the Fund may entail foreign exchange risk for the individual USD or EUR classes of Participations. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.
- 4.4 Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest eighty five per cent. (85%) or more of the assets of the Fund in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such Investment Funds have identical investment strategies; or (ii) otherwise have an exposure of at least eighty five per cent. (85%) of the assets of the Fund in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:
- 4.4.1 following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
- 4.4.2 the competent authorities so confirm.
- 4.5 The Fund may enter into any investment, divestment or other business transaction with any other funds managed by the Fund Manager or Affiliates of the Fund Manager or advised by the Delegate or with related party funds on the terms and conditions as applicable under the relevant funds' documentation.

## **5 MANAGEMENT AND ADMINISTRATION, LIABILITY OF THE FUND MANAGER**

- 5.1 The Fund Manager is charged with the management and administration of the Fund. The Fund Manager is, subject to these Terms and Conditions, entitled and authorised (i) to acquire (*verkrijgen*) and to dispose of (*beschikken over*) Fund Assets and to enter into and assume Fund Obligations in the name of the Legal Owner for the account and risk of the Participants, and (ii) to perform any and all other acts in its own name or in the name of the Legal Owner for the account and risk of the Participants which are reasonably necessary for or conducive to the attainment of the Fund Objectives. The Fund Manager's authority to act in the Legal Owner's name shall be subject to a power of attorney granted to the Fund Manager.
- 5.2 In the performance of its obligations and in the exercise of its rights, powers and authorities hereunder, the Fund Manager shall exercise the standard of care, skill, prudence and diligence under the circumstances then prevailing that a prudent (*zorgvuldig*) person acting in a like capacity and familiar with such matters would use in the conduct of managing an investment fund of like character, risk profile and Fund Objectives as the Fund, having regard to the provisions hereof.
- 5.3 In managing and administering the Fund, the Fund Manager shall act solely in the interest of the Participants. The management and administration of the Fund shall be performed for the account and risk of the Participants. Benefits and/or losses resulting therefrom shall consequently be for the benefit of or be borne by the Participants, without prejudice to the provisions of Article 11.3.
- 5.4 The Fund Manager shall only be liable towards the Participants for a loss suffered by them in connection with a breach of Fund Manager's duties and responsibilities under the Fund Documents that is attributable to it (*toerekenbare tekortkoming in de nakoming*).
- 5.5 The Fund Manager may contract other third parties in the exercise of its powers and duties under these Terms and Conditions and shall exercise reasonable prudence (*zorgvuldigheid*) in the selection of such third parties.

## **6 AUTHORITY TO INVEST AND ADMINISTER**

The determination of the Fund Manager as to whether or not the assets and obligations are of a type which may be acquired or held by or on behalf of the Fund in view of the Fund Objective, Investment Strategy and Investment Restrictions shall be conclusive.
- 6.2 It is the intention that subject only to the Investment Strategy and the Investment Restrictions and the specific restrictions mentioned herein, the Fund Manager shall have the broadest power and authority in making investments consistent with the investment powers herein provided. The Fund Manager shall have sole discretionary power to retain for as long a period as it shall think proper and to manage, convert, exchange, transfer and dispose of the Fund Assets and Fund Obligations. The Fund Manager shall have and may exercise every right and privilege pertaining to management provided that the exercise of such right or privilege is consistent with these Terms and Conditions.

## **7 CONFLICTS OF INTEREST**

  - 7.1.2 enter into any investment, divestment or other business transaction at non-arm's length terms and conditions.
- 7.2 For the avoidance of doubt, the Fund may enter into any investment, divestment or other business transaction with any other funds managed by the Fund Manager or Affiliates of the Fund Manager or advised by the Delegate or with related party funds.
- 7.3 The Fund Manager, with respect to the Fund, will not allocate and offer any investment opportunity sourced by it or otherwise offered or disclosed to it and falling within the restrictions set by the Fund Objective, Investment Strategy and Investment Restrictions to any other fund or entity managed or otherwise controlled by the Fund Manager or an Affiliate of the Fund Manager without having considered such opportunity as an investment opportunity for the Fund and, with the approval of the Participants by Ordinary Consent, subsequently having decided not to make the investment on behalf of the Fund.

- 8.5 The Fund Manager hereby commits itself to cooperate fully in the transfer of its contractual position with the Participants, Legal Owner and the Depositary to a successor Fund Manager.
