

Accessibility Statement of Privium Fund Management BV

Privium Fund Management BV (Privium) is committed to making its website accessible in accordance with the European Accessibility Act (EU 2019/882). This accessibility statement applies to the E-commerce services Privium offers by offering Alternative Investment Funds as Alternative Investment Fund Manager via its website <https://www.priviumfund.com>.

Accessible Information

We explain our products and services clearly and provide guidance on how to use them. Information is available both digitally and on paper upon request. Our digital content is designed to work with standard assistive technologies such as screen readers and voiceover tools.

Clarity and Usability

We aim to communicate in clear, simple language. When legal terms are required, we explain their meaning to ensure everyone can understand our content.

Inclusive Services

Our services are designed so they remain usable even if a person has a sensory or physical limitation—for example, for users who are visually impaired, hard of hearing, or unable to make precise movements. We also avoid flashing or fast-moving images to ensure a comfortable viewing experience.

Visual Design

Text, images, and graphics are easy to see, with sufficient contrast and scalable options to enlarge content on our website or in the app. Color is never the only means of conveying information.

Audio and Video Content

When we use visual or audio materials, we provide alternative text, captions, or audio descriptions so that users can fully understand the content.

Compliance

The website has been assessed against Harmonised European Standard on Accessibility requirements for E-commerce products via Google Chrome Lighthouse. Based on the results we have concluded that accessibility is currently adequate. Privium is committed to maintaining a high level of accessibility for its services. The review of our accessibility will form part of periodic review of the website.

Feedback and contact information

If you experience any issue accessing our information or services or need content in an alternative format, please contact us at compliance@priviumfund.com.

Enforcement

If you are not satisfied with our response, you may file a complaint via compliance@priviumfund.com or reach out to the relevant regulator.
